1993 HUDSON TOWN MEETING

WARRANT

HUDSON, NEW HAMPSHIRE

To the inhabitants of the Town of Hudson, in the County of Hillsborough and State of New Hampshire, qualified to vote in town affairs:

You are hereby notified to meet at Lions Hall, Lions Avenue, between the hours of 7:00 a.m. and 8:00 p.m. on Tuesday, March 9, 1993 to act upon Articles 1 through 6.

The polls will open at 7:00 a.m. and will not close before 8:00 p.m.

You are hereby further notified that consideration of all other Articles contained in the Warrant will commence at Memorial School at 10:00 a.m. on Saturday, March 13, 1993.

BALLOT ARTICLES

Article 1. Election of Town officers. To choose all necessary Town officers for the coming year.

Selectman, Three Year Term:

Bednar, John M.
Charbonneau, Rhona
Drabinowicz, John M.
Kashulines, Albert E.
Vigeant, Leonard A.

Budget Committee, Three Year Term:

Cote, Nan C.
Dilworth, Howard L., Jr.
Pfarner, Gerald

Budget Committee, One Year Term:

Steele, Clifford, Jr.

ZONING ORDINANCE REFERENDUM QUESTIONS

Article 2. Definition of Parking Space.
Amendment #1 "Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the town zoning ordinance as follows:

The definition of the word "Parking Space" shall be amended to read: "An off-street space, whether inside or outside a structure, for exclusive use as a parking stall for one (1) motor vehicle."

This amendment eliminates language in the old definition which specified that area for a parking space shall not be less than 200 square feet, plus access and maneuvering space. "Approved by the Planning Board"

Article 3. Impact Fees.

Amendment #2 "Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the town zoning ordinance as follows:

Impact Fees: Following the authority set forth in RSA 674:21, the Town of Hudson seeks to amend its zoning ordinance to allow the Planning Board to impose impact fees upon development, including subdivision, building construction, or other land use change, in order to meet the needs occasioned by the development for the construction or improvement of capital facilities owned or operated by the municipality including:

1. Public road systems and rights-of-way;
2. Waste water treatment and disposal facilities;
3. Sanitary sewers;
4. Storm water, drainage and flow control facilities;
5. Public school facilities;
6. Public safety facilities;
7. Solid waste collection transfer recycling, processing and disposal facilities;
8. Public library facilities;
9. Municipal office facilities;
10. Public recreation facilities, not including public open space; and
11. Water treatment and distribution facilities.

At present, the Town only imposes an impact fee for improvements to the town's road system and rights-of-way which arise from development. The town's authority to impose such a fee ends July 1, 1993 unless this proposed zoning amendment is approved. "Approved by the Planning Board"

Article 4. Blind Exemption.

"Shall we adopt the provisions of RSA 72:37 for the exemption for the blind from the assessed value of residential real estate for property tax purposes? This statute provides that every inhabitant who is legally blind shall be exempt each year, for property tax purposes, from the assessed value on a residence to the value of \$40,000.00."

Article 5. Adoption of a Police Commission, to be voted by paper ballot.

"1. Shall the government of the police department of the Town of Hudson be entrusted to a police commission?

2. If so, shall such police commissioners be chosen by:

(a) Popular election at town election; or

(b) Appointment of the governor with consent of the executive council."

Article 6. Establish a Board of Assessors.

"Are you in favor of a 3 - person Board of Assessors to be the legal assessing authority for the town?"

DELIBERATIVE SESSION ARTICLES
SATURDAY, MARCH 13, 1993

SELECTMEN ARTICLES

Article 7. Police Station Bond.

By Selectmen "To see if the Town will vote to raise and appropriate the sum of \$1,500,000.00 (gross budget) for the construction and original equipping of a new police facility, and said sum to be in addition to any federal, state, or private funds made available therefore, and to authorize the issuance of not more than \$1,500,000.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33), and to authorize the Board of Selectmen to issue and sell such bonds or notes and to determine the rate(s) of interest thereon." (Recommended by the Budget Committee)

Article 8.	To borrow in Anticipation of Taxes.
By Selectmen	"To see if the Town will vote to authorize the Board of Selectmen and the Treasurer under the provisions of RSA 33:7, as amended, to borrow in anticipation of taxes, such sums as are necessary for the operation of the town, and to set the rates, effect the issuance of notes, and to otherwise negotiate for the sale of notes to be paid within the present fiscal year."
Article 9.	Disposal of Tax Deeded Property.
By Selectmen	"To see if the Town will vote to authorize the Board of Selectmen to dispose of tax deeded property by either sealed bids, public auction, or charitable transfer, said disposal of tax deeded property may contain such conditions or stipulations as the Selectmen find to be in the best interest of the town."
Article 10.	General Acceptance of Grants.
By Selectmen	"To see if the Town will vote to authorize the Board of Selectmen to apply for, receive and expend federal and state grants which may become available during the course of the year, in accordance with RSA 31:95-b, and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money."
Article 11.	Town Ambulance.
By Selectmen	"To see if the Town will vote to raise and appropriate the sum of Seventy - five Thousand Dollars (\$75,000.00) for the purpose of an ambulance." (Recommended by the Budget Committee)
Article 12.	Acceptance of Personal Property Donated to the Municipality.
By Selectmen	"To see if the municipality will vote to authorize the Board of Selectmen to accept gifts of personal property, other than cash, to the municipality for any public purpose. This authorization in accordance with 31:95-e shall be in effect until rescinded by a vote of the municipal meeting."
Article 13.	Adopting Town Operating Budget.
By Selectmen	"To see what sum of money the Town will raise and appropriate for the operational expenses of the town for the forthcoming year (See posted Town Budget). (With recommendation of the Budget Committee)."

Article 14.	Establish the Position of Human Services Officer
By Selectmen	"To see if the Town will vote to raise and appropriate the sum of Thirty - five Thousand Three Hundred Sixty - four Dollars (\$35,364.00) which represents the salary for a Human Services Officer." (Not Recommended by the Budget Committee)
Article 15.	Negotiated Wage and Benefit Increases, Support Staff.
By Selectmen	"To see if the Town will vote to ratify the financial terms of the collective bargaining agreement reached between the Board of Selectmen and the Hudson Administrative and Support Staff Union, the term of the agreement extends from July 1, 1993 until June 30, 1994, and further to raise and appropriate the sum of Seven Thousand Six Hundred Forty - Four Dollars (\$7,644.00) which represents the cost of wage and benefit increases arising under the agreement." (Recommended by the Budget Committee)
Article 16.	Negotiated Wage and Benefit Increases, Highway Union.
By Selectmen	"To see if the Town will vote to ratify the financial terms of the collective bargaining agreement reached between the Board of Selectmen and Local #1801, American Federation of State, County and Municipal Employees (highway union), the term of the agreement extends from July 1, 1993 until June 30, 1994, and further to raise and appropriate the sum of Ten Thousand Nine Hundred Seventeen Dollars (\$10,917.00) which represents the cost of wage and benefit increases arising under the agreement." (Recommended by the Budget Committee)
Article 17.	Wage Increases, Elected and Non - union Positions.
By Selectmen	"To see if the Town will vote to raise and appropriate the sum of Nine Thousand Eight Hundred Twenty Dollars (\$9,820.00) which represents the cost of wage increase for elected and non - union positions." (Recommended by the Budget Committee)
Article 18.	Library Trustees Authority to Accept and Expend Gifts.
By Selectmen	"To see if the Town will vote to authorize the public library trustees to apply for, accept and expend without further action by the Town Meeting, money from state, federal, or other governmental unit or a private source which becomes available during the fiscal year in accordance with RSA 202-A:4-c."
Article 19.	Acceptance of Trust Funds.
By Selectmen	"To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the town gifts, legacies, and devisees made to the town in trust for any public purpose, as permitted by RSA 31:19."

Article 20. Sale of Town Land, Federal Street, Map 54/Lot 36.

By Selectmen "To see if the Town will vote to authorize the Selectmen to sell a strip of land 10 feet deep by 100 feet wide that is a portion of Map 54/Lot 36 to James and Kerrie Ann Moraites, owners of the abutting lot, 43 Campbello Street and otherwise identified as Map 54/Lot 37, for the sum of One Thousand Dollars (\$1,000.00), the parcel of property having as assessed valuation of Four Hundred Dollars (\$400.00). The Zoning Board of Adjustment granted a variance to the Moraites to permit construction of a structure within the setback. An abutter has appealed this variance decision. The sale of this strip of land is from the lot which houses a town - owned sewer pump station. The effect of this sale would be to end the lawsuit, as well as put additional property on the tax roll."

Article 21. Public Works Garage, Capital Reserve Fund.

By Selectmen "To see if the municipality will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of a Public Works Highway Garage and to raise and appropriate the sum of Three Hundred Thousand Dollars (\$300,000.00) to be placed in this fund." (Not Recommended by the Budget Committee)

Article 22. Acceptance of Streets.

By Selectmen "To see if the Town will vote to accept the following streets:

St. Laurent Drive	3,040 feet more or less
Flagstone Drive	2,700 feet more or less
Eayrs Pond Road	2,360 feet more or less
Sandalwood Road	2,201 feet more or less
Hampshire Drive	2,090 feet more or less
Williams Drive	2,040 feet more or less
Stonewood Lane	2,005 feet more or less
Roy Drive	1,870 feet more or less
Pinewood Road	1,772 feet more or less
Plaza Avenue	1,430 feet more or less
Potter Road	1,215 feet more or less
Hilindale Drive	1,200 feet more or less
Maureen Lane	918 feet more or less
Watersedge Drive	900 feet more or less
Wentworth Drive	465 feet more or less
Lilac Street	410 feet more or less
Lakeside Avenue	360 feet more or less
Nobby Lane	350 feet more or less "

- Article 23. Purchase of Real Estate.
- By Selectmen "To see if the Town will raise and appropriate the sum of Forty Thousand Dollars (\$40,000.00) for the purchase of real estate at 29 Ferry Street, Map 51/Lot 58 (Located behind Town Hall)." (Recommended by the Budget Committee)
- Article 24. Polling Place.
- By Selectmen "To see if the Town of Hudson shall establish an additional polling place in the Town, the boundaries of the voting district to be served by each polling place shall be determined by the Selectmen at least thirty (30) days before the next following general election."
- Article 25. Establish the Position of Part - Time Police Dispatcher.
- By Selectmen "To see if the Town will vote to raise and appropriate the sum of Five Thousand One Hundred Thirty - Two Dollars and Forty Cents (\$5,132.40) which represents the wages for a part - time Police Dispatcher who will work ten hours per week for coverage at peak call times, 8:00 p.m. to 1:00 a.m., Fridays and Saturdays."

PETITION ARTICLES

- Article 26. Abolish the Office of Legal Officer.
- By Petition "Shall the Town of Hudson abolish the office of Legal Officer including the positions of Legal Officer and Legal Secretary to take effect no later than 1 July 1993 thereby requiring that all legal services shall be contracted with an outside legal firm that has been an established, State of New Hampshire incorporated, business for no less than a two year period. Said law firm to be the lowest bidder for any and all legal services to be provided to the Town of Hudson and its agents."
- Article 27. Abolish Position of the Public Works Manager.
- By Petition "To see if the Town will vote to abolish the position of Public Works Manager (created by the previous Executive Administrator after the position of Public Works Director was abolished by the Town Charter by the voters of the Town at a Town election) and replaced this position with a full - time Highway/Road Agent who will actively supervise the day to day activities of the Highway Department as specified in the state law."

Article 28.	Removal of Two Positions in the Highway Department.
By Petition	"To see if the Town will vote to remove two employee positions in the Highway Department budget (previously removed by the Town Council in the 1992-1993 budget and restored in the budget for 1992-1993 by the Board of Selectmen) for fiscal year 1993-1994."
Article 29.	Annual Elections.
By Petition	"To see if the Town will vote to adopt the provisions of R.S.A. 669:1 to hold the annual elections for town office on the second Tuesday in May instead of the second Tuesday in March."
Article 30.	Not to Build the Circumferential Highway.
By Petition	"To see if the Town of Hudson, at its 1993 Annual Town Meeting will vote, by a show of hands, to recommend that the proposed Nashua - Hudson Circumferential Highway <u>not</u> be built. It is recognized that this is a non - binding referendum but the results are to be forwarded to both the New Hampshire Department of Transportation and the United States Army Corps of Engineers."
Article 31.	Sale of Land to Renee Jacques.
By Petition	"To see if the Town of Hudson will accept the high bid of Renee Jacques of \$6,000.00 as the purchase price of real estate located at Map 54/Lot 42 (the "Lot"), on the corner of Campbello and Federal Streets, and sell the Lot for that price upon the conditions that (i) no independent or disattached residential structure be built on the Lot, and (ii) the Lot be consolidated with the adjacent residential lot (Map 54/Lot 43) owned by high bidder Renee Jacques."
Article 32.	Rape and Assault Support Services.
By Petition	"To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) as the Town of Hudson's portion of Rape and Assault Support Services programs for Crisis Intervention and Support as well as Education concerning the issues of domestic violence, child sexual abuse and rape."

Article 33.	Donation of Town Land to Habitat for Humanity.
By Petition	"Shall the Town of Hudson authorize the Board of Selectmen to petition for Quiet Title and donate to a non - profit organization a lot of land, known as Map/Lot 057 098 03, along with the distance of land known as Lakeside Drive (a non - existent roadway) connecting it with Map/Lot 057 098 02? The intent is to combine Lots 057 098 02 and 057 098 03 for a donation to Habitat for Humanity, or if found not buildable, to a local scouting group."
Article 34.	Additional Personnel.
By Petition	"To see if the Town will vote to require that the Board of Selectmen submit, in warrant article form at the next Annual Town Meeting and all future Annual Town Meetings, all requests for additional personnel for all departments in the town. This procedure will remain in effect until rescinded by a vote of the town at a future Annual Town Meeting."
Article 35.	Fire Hydrants.
By Petition	"To see if the Town of Hudson shall accept responsibility for all rental fees for all fire hydrants found in residential zones including PRD overlay zones for the safety of Hudson residents."
Article 36.	Hudson Task Force on Suicide Prevention.
By Petition	"To see if the Town will raise and appropriate the sum of Twenty - Five Thousand Dollars (\$25,000.00) to be used by the Hudson Task Force on Suicide Prevention in furtherance of their suicide prevention program."
Article 37.	Remove all New Positions and New Hirings.
By Petition	"To see if the Town will vote to remove all new positions and new hirings from the town budget for fiscal year 1993-1994."
Article 38.	Freeze All Wage Increases.
By Petition	"To see if the Town will vote to freeze all wage increases for town employees for fiscal year 1993-1994 and remove such wage increases from the 1993-1994 town budget."

Article 39. Senior Citizens Center.

By Petition "To see if the Town of Hudson will appropriate the sum of One Hundred Eighty Thousand Dollars (\$180,000.00) (\$25,000.00 of which has already been set aside in a Capital Reserve account), said monies to be used to build a Hudson Senior Citizens Building. To help fund this appropriation, the Selectmen are hereby empowered to designate and auction surplus town land. Any monies raised from the auction of said land shall be put towards this \$180,000.00 appropriation."

Article 40. Establish a Recreation Commission.

By Petition "To see if the Town will vote to establish a Recreation Commission."

If this article is adopted the Recreation Commission will be granted the full authority to grant concessions; to make and enforce rules and regulations governing the use of property, facilities, programs, equipment, and the conduct of persons; and to hold in trust or manage public property useful to the accomplishment of their objectives.

This Recreation Commission will consist of five (5) citizens appointed by the Board of Selectmen for terms of three (3) years (consistent with RSA 35-B:4) with vacancies being filled by the Board of Selectmen.

Article 41. To Build and Equip an Animal Shelter.

By Petition "To see if the Town will appropriate the sum of One Hundred Seventy - five Thousand Dollars (\$175,000.00), said monies to be used to build and to equip an animal shelter for the Town of Hudson, with said building to be placed on one of the two landfills already owned by the Town of Hudson or else on such other town - owned property as may be designated by the Town Meeting."

Given under our hands and seals at said Hudson on the 17th day of February 1993.

10% LIMITATION OF APPROPRIATIONS
(SEE RSA 32:8, 8-a, & 32:10-b)

Please disclose the following items (to be excluded from the 10% calculation)

\$ _____ Recommended Amount of Collective Bargaining Cost Items. \$ _____ Amount of Mandatory Water & Waste Treatment Facilities. (RSA 32:10-b).

RSA 273-A:1,IV "'Cost Item' means any benefit acquired through collective bargaining whose implementation requires an appropriation by the legislative body of the public employer with which negotiations are being conducted."

HELP! We ask your assistance in the following: If you have a line item of appropriation which is made up of appropriations from more than one (1) warrant article, please use the space below to identify the make-up of the line total. We hope this will expedite the tax rate process by reducing the number of inquiries from this office.

CHAIRMAN OF THE BOARD OF SELECTMEN
1992 ANNUAL REPORT

Fiscal year 1991 - 1992, represented by this Town Report, will be recorded one day as the final chapter of a most significant era in Hudson's history. It is the final Town Report covering the Town Council form of government. It is the final time a Town Report will reflect figures upon which we as citizens were not able to truly have an impact.

This does not mean to say that we should feel that previous years and forms of government were negative. It behooves us all to seek out all the positives of the past and to use those same positives as building blocks for not only our Town's future, but the future of our families as well.

It is the firm resolve of this Board of Selectmen to administer to our Town's needs. However, we do recognize that our responsibilities are not only to just "tread water", but to nurture positive ideas that will prepare us for the 21st century. It is our challenge to create a true vision not only of where we would like to be but what it will take to get us there.

It is my fervent hope that our Town government, staff and citizens will have one unified goal in mind -- how each can best contribute to the other to make Hudson the great community it should be.

Respectfully submitted,

Ralph Scott, Chairman
Board of Selectmen

ASSESSORS

1992 ANNUAL REPORT

The assessors office has completed 363 inspections for the 1992 tax year. Taxable value, prior to exemptions, is 1,069,314,099. Exemptions equal 14,026,900 for a net valuation of 1,055,287,199.

The software system, installed last year by the revaluation company, has proved to be an efficient and accurate method of assessing value.

Under our new form of government, the responsibilities of the Board of Assessors, are now the duties of the Hudson Board of Selectmen. I would like to take this time to thank Karen Vignola, Gerald Dearborn and Normand Pelletier, the former Board of Assessors, for their excellent service and dedication during an especially busy revaluation year.

Residents are invited to visit our office to seek help and information regarding their assessment, or any other tax related issues.

Respectfully submitted,

Richard Ethier, Assessor

CONSERVATION COMMISSION

1992 ANNUAL REPORT

Why does Hudson have a Conservation Commission? According to New Hampshire RSA 36-A, a Conservation Commission may be established "for the proper utilization and protection of the natural resources and for the protection of watershed resources of said city or town." In the recent past, the bulk of the Conservation Commission's time was taken up in the review of new development plans to determine what impacts the development will have on wetlands. This past year, the number of site plans that were reviewed was relatively small, no doubt due to the current recession.

Another description of what the Conservation Commission does can be found in the following quote taken from the Hudson Conservation Plan that was adopted in 1991. Although this quote is somewhat dated because of the change in the town government, it still describes an important goal for the Commission. Involvement by the entire community of Hudson is needed to protect and preserve our natural resources.

"Protecting Hudson's natural resources is an enormous undertaking that will require the support of the Town Council, Town boards, municipal staff and residents. The importance of public awareness of conservation issues and involvement in activities cannot be under

stated. A successful conservation program cannot be developed without public support. Changes in growth and development, the economy, political leadership, population, land use patterns and resource protection views can all have an impact on the conservation of Hudson's natural resources."

There were several activities that took up a substantial amount of time for Conservation Commission members during the past year.

--- **Hudson Heritage Trail Committee** ---

In April 1992, the Conservation Commission, in cooperation with several other community organizations, sponsored a public meeting to provide the community with information on the New Hampshire Heritage Trail. Approximately fifty people attended the meeting and subsequently, the Hudson Heritage Trail Committee was formed as a subcommittee of the Conservation Commission. The committee will pursue the development of a section of the trail within Hudson.

The committee's earliest efforts focused on ensuring pedestrian and bicycle access across the new Circumferential Highway bridge between South Nashua and Hudson. Working in cooperation with the Nashua Heritage Trail Committee, the committee was successful in convincing the State Department of Transportation that this access is critical to the New Hampshire Heritage Trail and to the community in general.

The committee spent the summer walking most of the potential trail routes along the Merrimack River north and south of the Sagamore Bridge. Presentations on trail activities were given to several community organizations.

Current activities are focusing on finding a trail from the Sagamore Bridge south to the Massachusetts border. Although easements exist along the river on the Sanders/Calcomp site and within the Green Meadows subdivision, the Green Meadows Golf Course sits along the river from the subdivision north to the bridge. Some of the golf holes are right on the riverbank, and the bank is too steep in some areas to support a trail, so another route for the trail is needed. The committee is working with the owners of the golf course and using aerial photographs to develop alternative routes through the property. The committee will evaluate the alternatives by walking them as the underbrush clears in the fall, and then will present the most promising alternatives to local landowners and the public. A final trail route should be decided upon sometime this winter.

--- **Wetlands Mitigation** ---

One of the most visible new developments in town during the past year is undoubtedly Sam's Club. In conjunction with the construction of the retail building a wetlands mitigation plan was developed by New England Environmental Associates to offset the impacts that construction of the building had on several wetlands areas.

This past year saw the first steps of the mitigation plan being implemented. An existing pond was enlarged and an adjacent wetlands area was expanded and planted with wetlands vegetation. The Conservation Commission will be closely monitoring this wetlands mitigation effort over the next few years to make sure the plan is followed and to determine whether this type of project can be successful. The Conservation Commission members are hopeful that the knowledge gained here can be used elsewhere in town.

--- **Town Forest** ---

In conjunction with the proposed Walmart development across the street from Sam's Club, a wetlands mitigation plan is being developed for several wetlands areas in the Hudson Town Forest located on Kimball Hill Road. This plan is in its early stages and implementation will likely begin in 1993.

The Conservation Commission has also taken the first steps to developing a forest management plan for the Town Forest. The long term goal of the plan is to manage the forest resources, develop a series of nature and walking trails and start a tree nursery. The details of the plan will be worked out over the next year.

--- **Zoning Ordinance Sounding Board** ---

Several Conservation Commission members were active participants on the Sounding Board to review the proposed Zoning Ordinance rewrite.

In summary, this past year has been a good year from the conservation point of view. Thanks must go to a large number of people, especially the Town Engineer, Mike Gospodarek, for their help. The current members of the commission are Richard Callahan, Michelle Champion, David Clark, Ray Deary, Russell King and Doug Kostyk.

Respectfully submitted,

James Barnes
Conservation Commission Chairman

--- **EMERGENCY PREPAREDNESS** --- **1992 ANNUAL REPORT**

Significant progress was made in 1992 by the Emergency Preparedness Committee in the Town of Hudson. Town Council approved the Hazardous Material Plan and the overall Preparedness Plan for the Town.

Hudson is one of a handful of towns and cities in the State to have a full Emergency Preparedness Plan in place. This plan has resulted in increased communication between departments and other towns, an awareness in resources and skills available to handle emergencies, and an increased emphasis by

Department Heads in properly training and working with members of their departments in how to better handle situations.

In 1993, Hudson will be joining and helping to form a regional hazardous materials response team. This team will be comprised from resources, equipment, and people from nine surrounding towns. This will enhance our capabilities to respond and handle such situations. In addition, we will continue our efforts to work with local businesses to insure they have an emergency plan of their own. This is a great program that is currently being implemented by the Fire Department.

We had several small incidents in the Town in 1992 that were handled extremely well by the Fire, Police, and Public Works Departments. Our largest response was the evacuation of Hudson's Memorial School. The Departments should be commended on an outstanding job of handling this situation. The safety and security of our children were in great hands.

I want to thank everyone involved in the developing of the plan and the many hours put in by everyone to make this plan a model for the State. We are fortunate in Hudson to have such dedicated and hard working men and women. They make Hudson a great place to live and raise a family. A special thanks to Hudson Fire Chief, Brian Mason, for providing much needed clerical support to put the plan on paper and keep us organized.

Respectfully submitted,

Jim Dobens
Director of Emergency Preparedness
Town of Hudson

FINANCE DEPARTMENT 1992 ANNUAL REPORT

Finance affects every aspect of Town Government. The Finance Director is staff to the following committees: Municipal Budget Committee, Board of Selectmen for finance issues and budget, Capital Improvement Committee, and attends necessary Board of Selectmen Meetings.

ACCOUNTING.

1. The Town Accountant, Scott Smith, a Hudson resident, has responsibility for the General Ledger of the Town-"The Books" in local jargon. We now can look at a report and know: A. How much cash does the Town of Hudson have available. B. How is the Town of Hudson doing with its "Taxes Receivable". C. Are the bills paid, to whom, and why. The accountability of the Town of Hudson is now as it should be. The documentation for all financial records, both Financial and Taxes Receivable, are located in Town Hall and are processed and maintained by Town Hall employees. The last "Management Report" issued by the professional outside auditors, Plodzick and Sanderson, was one tenth the size of those years ago and offered support and recognition for a job well done, rather than the constructive criticism of the past.

The Finance Department continues to strive to meet the state and federal standards required to receive the certification that will impact positively on the bond rating of the town. Our bond rating has remained secure in these tough economic times when Moody's is lowering ratings all over New Hampshire and Massachusetts. We will be working to raise our bond rating with the inclusion of Fixed Asset Accounting in our statements.

2. The Finance Department has a well run and efficient Purchase Order and Accounts Payable System for which Patti Bailey, a Hudson resident, has responsibility. We certainly understand the care to be taken with the Town's Tax Dollars, it is a serious matter of "Public Trust" and Patti performs this duty with care and dedication for all Town expenditures, both Payables and Payroll. The new systems have many checks and balances that are followed diligently.

3. The Cash Receipts and Billing and Collections of Miscellaneous Accounts Receivables, such as Assessment, Ambulance Fees, Industrial Pretreatment, Police Outside Detail, etc., and all other Administrative tasks, are handled by an extremely capable Accounting Staff Person Juanita Flahive, a Hudson resident.

SEWER UTILITY

4. The Sewer Utility Billing Department is operating smoothly. The Sewer Utility Office is a "one person office". We have streamlined the system and computerized it entirely so that as the number of sewer users grows, it can still be maintained by one person. Christina Lamper is the Sewer Utility Clerk, she has been with us for over three years and does an outstanding job. It is a difficult task.

Cecile Nichols, Town Clerk/Tax Collector, has taken over the supervision and direction of this function, though it remains physically within the Finance Office.

DATA PROCESSING

5. Geoffrey Ziminsky, Senior Programmer/Data Processing Manager, has done an excellent job of computerizing all of the Financial Transactions of the Town along with installing a complete record keeping system in the Police Department that he has written himself. With the combined skills of Geoff and Cathy Hawkins, the Assistant Data Processing Technician, the automated Purchase Order and Payroll System has been installed this fiscal year.

The Town Clerk/Tax Collector has completely computerized functions: Taxes, Motor Vehicles, Abatements, Cash Receipts, Voter Registration and Dog Licenses and Mail-in Motor Vehicle Registration.

The Budget has been computerized and there are exciting processes we have installed this year that coordinate line item monitoring and purchase order generation with the budget.

Everything financial and all record keeping and statistical functions are affected by computerization. There are 53 terminals, personal computers and printers along with the main terminal and its companion computer equipment within Town Hall. Geoff Ziminsky, Senior Programmer, and Cathy Hawkins, Data Technician, will

be busy throughout Town Hall supporting this equipment, writing programs for new ideas and systems or maintaining those presently installed in all departments.

The Finance Department personnel enjoy working with the pleasant and efficient staff throughout the Town Hall and with the public. We appreciate the cooperation of the citizens of Hudson and look forward to the next year of growth and accomplishment.

Respectfully submitted,

Lydia W. Angell, Finance Director

FIRE DEPARTMENT 1992 ANNUAL REPORT

1992 was an exciting, historic year for the Hudson Fire Department. This past June the Department celebrated its 100th anniversary in grand style with a weekend of events including an open house, fire apparatus and equipment displays, Firefighter's ball and probably the largest parade ever seen in Hudson. Proclamations from Governor Judd Gregg, N.H. Senate and the Town Council were read at the Firefighter's ball and several Department members were recognized for their outstanding performance of their duties during the past year. Receiving awards were:

COMMENDATIONS

F.F. John Abbott	30 Years Service
Lt. Roger Boucher	30 Years Service
Capt. Harry Chesnulevich	35 Years Service
Deputy Robert Campbell	40 Years Service
 Lt. Timothy Kearns	 For his work as electronic technician for the Fire Department
 EMS Supv. Michelle Rudolph	 For her work as supervisor of the Fire Department's Emergency Medical Services
 F.F. Steve Gannon	 For their work in organizing
F.F. David Morin	the Fire Dept. Centennial
Lt. Todd Hansen	Celebration
Capt. Gary Rodgers	
Dispatcher Elisa Benton	
Dispatcher Lorraine Wright	

UNIT CITATIONS

For their rescue efforts at a serious motor vehicle accident in Litchfield on November 24, 1991.

Ambulance 2 Crew
Supt. Paul Reichenbach
Lt. Timothy Kearns
F.F. David Morin
F.F. Rodney Towne

Ambulance 3 Crew
F.F. Gerry Carrier
F.F. Jeff Emanuelson

Rescue 1 Crew
Capt. Gary Rodgers
Lt. Todd Hansen

F.F. John Wilcox
Fire Cadet Jim Paquette

————— PURPLE CROSS MEDAL —————

Awarded to Lt. Todd Hansen for injuries sustained in the line of duty while working at a building fire.

I am pleased to report that significant progress has been made in bringing 9-1-1 emergency telephone service to our area. This past year the Governor signed legislation which begins the process of implementing a statewide, enhanced 9-1-1 system that should go on line sometime in 1996. This system will provide automatic line and location identification for the emergency dispatcher to assist them in locating persons who cannot speak, don't know where they are or otherwise cannot give an exact location of their emergency.

In August the Department took delivery of a new 1500 gpm fire pumper. This truck was ordered back in January to replace a 1961/69 pumper taken out of service by the N.H. Dept. of Safety due to mechanical problems with the brakes. It was built to the same specifications as the last pumper purchased in 1990 which helps to standardize training and improve the efficiency of the maintenance program.

In the area of Hazardous Material response, the Department has recently joined nine area towns to form a regional response team. Monthly meetings have been held to develop organizational by-laws, establish operating committees and develop standard operating procedures. Each town is expected to have several Firefighters and officers participate. By joining the area towns, we can eliminate duplicate purchasing, set up joint training sessions and muster a large group of trained hazardous materials technicians in the event of a large incident involving hazardous materials. The team should be fully operational within two years.

On a sad note, Benjamin Wright, son of Dispatcher Lorraine Wright and her husband Wayne, died tragically this past summer in a drowning accident. Benny was a fine young man who will be missed by his Fire Department "family".

Beginning in January, the Hudson Fire Department began providing Dispatch service for the Litchfield Fire Department. Communication system upgrades required for this service were funded by the Town of Litchfield. Hudson receives \$2,500 per year for this service without incurring any added expenses.

Firefighter John Abbott retired this past year after more than thirty years of service with the department. John was one of the first Full-time Firefighters hired by the Town in 1975.

The Fire Department took delivery of new computer terminals and printers this past year that have been connected to the Town Hall system. The new equipment gives us access to the purchase order system, budget system, word processing and spreadsheet software as well as access to some custom software developed for Fire Department operations by the data processing department. A special thanks to Geoff Ziminsky and his assistant Cathy Hawkins for their development of our CAD (Computer Aided Dispatch) software that has recently gone on line. We have also added a TDD (Telephone Device for the Deaf) receiving device in the dispatch room in compliance with the Americans with Disabilities Act enacted this past January.

In closing I want to thank all the Members of the Fire Department for their continued support and dedication throughout the year. Many Firefighters and EMT's, Full-time and Call alike, continue to put in hundreds of volunteer hours each year attending meetings, training or working on other department projects. I would also like to thank the other Town Departments, Staff and the Selectmen for their cooperation and support of the Fire Department throughout the year.

Respectfully submitted,

Brian L. Mason
Fire Chief

— HILLS MEMORIAL LIBRARY BOARD OF TRUSTEES —

1992 ANNUAL REPORT

The focus for this year has been on solving our space problems. After much discussion and research, the Trustees voted for the temporary solution of a double-sized storage trailer, which would be purchased with Trustees funds, placed on the existing site to be used primarily to house adult fiction. With the addition of this space, the library will now be only 75% undersized rather than 84%.

Circulation has increased by 32%, not including the increase in "in-house" use of materials. There were 1416 new patrons registered during this year. There has been increase and growth in all departments necessitating increasing shelf heights to 7'5" making the use of step stools and ladders necessary (The ADA and nat'l standards say 5' should be the maximum shelf height.) Weeding has been an ongoing project to keep the collection up to date and the shelves from splitting.

Trustees and Staff did continue to try to raise money for the building fund by working at Cashola Nights at Burger King where 20% of their proceeds for the evening went to our building fund. During these evenings music was provided by the Alvirne B Naturals and the Four Winds Ensemble, stories were told by Magic Jammies, and a Star Trek Group called Shuttle Tera Nova entertained.

The Americans with Disabilities Act went into effect in January and the Board of Trustees has started to implement a plan to bring the library as close to compliance as we can in this building.

Monies raised through fines and small equipment was used to purchase reference materials in book and CD format and a fax machine, and to improve the video and books on cassette collections. Thanks to the General Federation of Women's Clubs - Hudson Juniors, we now have a printer for the Technical Services Department. We are now able to print our own shelf list cards. We have also put magazines on our circulation system speeding the checkout of these materials.

One of our major advances is we no longer get catalog cards from the State Library as we are one of the first libraries to acquire MARC records for our on-line catalog via CATME, a change that will mean books will not take so long to process and will arrive in the library much faster.

Library programs included our annual holiday crafts, a New Age Informational program, Mozart at the Alvirne Chapel, and other craft and musical programs for both adults and children. The public speaking class was run twice and college financial aid information was given. In the Children's Room, Magic Jammies, book discussion groups, battle of the books, and storytimes provided activities for all ages. School visits by our librarians and visits from school classes, public and private, make for a full schedule. The summer reading program made reading a family affair and was topped off with an old fashioned ice cream social.

The Bookmobile continues to visit outlying neighborhoods and the number of homebound patrons increases as people become aware of this service.

The Hills Memorial Library Board of Trustees and Staff continue to do their best to provide outstanding service to the taxpayers in Hudson with the facilities available. Many thanks to all those citizens who have helped us to do this through their donations of time and materials.

Respectfully submitted,

Mary Jane Ames, Chairman
Hills Memorial Library Board of Trustees

LEGAL OFFICER

1992 ANNUAL REPORT

The Town Attorney represents the town in all legal proceedings and serves as chief legal advisor to the Board of Selectmen, all town departments, offices, boards, and agencies. This means advising (on a daily basis) town boards, department heads, and other staff. As a practical matter, insurance counsel represents the Town's interest in many cases; however, where there is no claim for money damages or no insurance coverage involved, the Town Attorney represents the Town's legal interests.

During 1991-92, 28 lawsuits have been concluded, including Dube v. Hudson; Francoeur v. Hudson; Gauthier Construction v. Hudson; Hastings v. Hudson; Konis Corporation v. Hudson; B&D Lamothe v. Hudson; New Hampshire Housing Finance Authority v. Hudson; Riverside Industrial Park v. Hudson; Lowell Shoe v. Hudson; and Tessier v. Hudson.

New lawsuits filed since July 1, 1991 total 21. Most of these suits have been filed in Superior Court. Plaintiffs generally seek declaratory judgements challenging some aspect of decisions made by either the Zoning Board of Adjustment or the Planning Board. Several suits involve sewer capital assessment fees, impact fees, and property tax abatements.

Attorney Barbara F. Loughman of the Soule, Leslie, Sayward, Zelin and Loughman law firm of Salem continues to handle three sewer betterment assessment appeals-Nash Family; Pneutek, Inc.; and Riverview Industrial Park Associates.

This past spring, the Town Attorney's office was fortunate to have the assistance of a volunteer paralegal intern from Rivier College for a three month period. After completion of the internship, this paralegal assisted the Tax Collector, under the Legal Department's direction, in the Tax Lien process.

The Legal Department continues to update its small municipal law library which is a resource relied upon by all departments from time to time.

Respectfully submitted,

John J. Ratigan
Town Attorney.

The needs of our region and its municipal jurisdiction were clearly reflected in NRPC's two highest priorities for 1992: the establishment of the Center for Economic Development and the completion of the Nashua Area Transportation Study (NATS) update.

On the former, in tandem with City of Nashua and area Chamber of Commerce, we committed our time and energy toward the dual objectives of organizing a public/private economic partnership to benefit all of our communities and creating a service and information center to assist existing as well as emerging businesses. The Center became a reality in 1992, and I want to take this opportunity to acknowledge Hudson as among the first of our towns to join this very worthwhile regional initiative.

On the latter, after almost two years of exhaustive data collection and analysis plus the calibration of a sophisticated traffic model, we have completed a comprehensive long range transportation plan for the region. Recognizing the critical need to improve our highway network while we continue to pursue alternative modes, the NATS update will serve as the blueprint for investment in this critical aspect of our economic infrastructure.

This past year we also added another new item to our work program: staffing a regular forum on local cable television service. Hudson shares the same cable operator as a majority of our other towns, although under separate franchise agreements; and many of our selectmen have agreed that municipal needs as well as consumer interests can be served through a joint negotiating strategy.

Finally, one of our most important local projects in 1992 was coordinating the Hudson sounding board process and assisting the Planning Board in reviewing and revising the town's Zoning Ordinance.

A summary of our other key accomplishments for the year:

Data Services

With the arrival of the 1990 Census information, and in our role as a Regional Data Center for the U.S. Bureau of the Census, we equipped NRPC to more quickly respond to the information needs of Hudson residents and businesses through the organization and distribution of wide variety of data.

Merrimack River

We completed another phase in our Merrimack River Corridor Management Program working with Hudson and the other three riverfront communities to evaluate local regulations on stormwater management, erosion control, wetland protection, groundwater management and shoreland protection. In addition, we developed and implemented a volunteer river water quality monitoring program, and we

prepared and distributed educational materials on household water pollution reduction.

Major Transportation Projects

We continued to work with local, state and federal officials to spur the implementation of this region's most significant highway projects including the Everett Turnpike widening, the Circumferential Highway and the Route 101A Bypass. NRPC also contributed to the preparation of the environmental impact statements for both the Circumferential and 101A, and we encouraged and coordinated public participation for the projects.

Solid Waste

In pursuit of a long range intermunicipal solution to the problem of municipal solid waste disposal, we worked with both the regional Solid Waste Management District and the City of Nashua to investigate the feasibility of an integrated waste management project; and we established NRPC as the liaison between our communities and the Governor's Recycling Program.

Household Hazardous Waste Collection

In conjunction with the Solid Waste Management District, our staff conducted two very successful events: a Spring "paint only" collection in Nashua and a comprehensive collection at four sites around the region in the Fall, including one in Hudson.

Heritage Trail

In 1988, the idea of a continuous trail from Massachusetts to Canada was formally authorized by the N.H. Legislature; and over the course of the last year NRPC has been working both as a member of the state's Heritage Trail Advisory Committee and with our interested communities like Hudson to plan for local trail segments along the Merrimack River.

Geographic Information System

To enhance our capacity for computer based mapping and information management, we continued to invest in our G.I.S. through the creation of additional data layers - including road networks, surface water, traffic zones, land use, zoning, Census boundaries and aquifer resources.

Traffic Count Program

With counters at over 100 locations, we maintained a regional traffic count system to provide the most accurate and current data to meet local, state and regional needs.

Flood Plain Management

In conjunction with the NH Office of Emergency Management, we provided assistance to Hudson and a number of other communities participating in the National Flood Insurance Program including assessments of flood prone areas, reviews of current regulations and suggested revisions to existing ordinances.

Thanks for this opportunity to communicate directly with the people of Hudson through your Town Report.

Respectfully submitted,

Don E. Zizzi
Executive Director

PLANNING DIVISION

1991 - 1992 ANNUAL REPORT

The Planning Division manages both current and long-range municipal planning, provides professional assistance to the Planning Board and other Town Departments, and is a resource base for the Town's economic and community development. This report highlights the Planning Division's activities of the last year.

The Planning Division and the position of Town Planner have been operational for five (5) years, effective September 14, 1991. Once a division of the Department of Public Works, an organizational change in March 1990 placed it directly reporting to the Executive Administrator. On July 1, 1992, a form of government change placed the Planning Division reporting directly to the Board of Selectmen.

In year five, land use patterns continued to change, specifically along Lowell Road. What was once an agricultural use (a pumpkin patch) became a large commercial store with an expansive parking lot (Sam's Club).

Directly across the street from Sam's Club, a Wal Mart store was proposed. A major road widening project was completed between both sites in order to accommodate the resulting traffic patterns. Vacant land tracts became the sites of several single family residential subdivisions.

At the same time that attention was focused on current land use proposals, the Planning Board continued its work on the Zoning Ordinance replacement project. The Community Facilities chapter of the Master Plan was completely replaced and approved. The Subdivision and Site Plan Regulations were targeted for revision as well.

Current Planning

Last year's annual report presented current planning data for the time period September 13, 1990 to October 23, 1991. November 20, 1991 to November 18, 1992 plan application review by the Planning Board is outlined here.

Subdivisions	approved:	5
	denied:	0
	withdrawn:	0
	revoked	2
Site Plans	approved:	13
	denied:	0
	withdrawn:	0
	extended:	2
	revoked:	1
Total:		23

Commercial land use proposals account for more than seventy-five (75) percent of the site plans approved. Only one (1) site plan, a reinstatement, was residential

but called for 246 separate residential units (Woodland Heights).

The Wal-Mart Stores, Inc. Site Plan. proposing a 116,097 square foot retail building with nearly 700 parking spaces, required an extensive amount of review time. The review not only focused on the site plan elements, it included the consideration of a zoning change proposal. The Wal-Mart site plan was part of a review package that included the Common Crossing Restaurant Site Plan and the Wal-Mart Consolidation Plan. Wal-Mart, located opposite Sam's Club, is proposed to open sometime during 1993.

Plans awaiting review. The number of plans awaiting Planning Board review was eight (8) as of December 15, 1992. Plans awaiting review in October 1991 numbered ten (10). Two (2) years ago (September 1990) there were twenty-seven (27) plans waiting for review. Three years ago there were thirty-eight (38) plans waiting for consideration. There were fifty-five (55) plans awaiting review four (4) years ago.

Plans revoked. The Planning Board employed a new New Hampshire RSA, 676:4-a I (e), when it revoked a set of three (3) plans related to the Unicorn Industrial Park. The revocations took effect on March 26, 1992. The plans were revoked for failure to have a performance surety in place acceptable to the Town of Hudson Planning Board.

Ten (10) individual development plan application sets were returned to plan applicants due to incompleteness and inactivity, pursuant to new Hudson Town Code Chapters 275-16 and 289-39. These new sections of the Subdivision and Site Plan Regulations were approved by the Planning Board on January 8, 1992.

Twenty -one (21) other development plan review applicants received notice concerning plans approved at a Planning Board meeting, but not signed and recorded at the Registry of Deeds. The notices were pursuant to Hudson Town Code Chapters 275-13 A, 275-19, and 289-41. All three chapters were amended in July to address a growing problem of plans getting approved at meetings but not being finalized.

Long-Range Planning

Capital Improvements Program

The Capital Improvements Program is a planning tool document which has as its foundation the Master Plan. With the Master Plan as its base, the Capital Improvements Program presents an expenditure plan over a six (6) year period. The six year expenditure plan is revised annually with a document called an "element".

The Capital Improvements Program (C.I.P.) Committee completed their work, the 1992 Element, for Fiscal Year 1992-93 for presentation to the Planning Board on January 8, 1992. The Planning Board approved the document that same day.

C.I.P, Committee membership in 1992 is presented here.

Harold Kreider, Chairman
Paul Inderbitzen
Robert Brown
William Stetzler
James Donnelly
James Hankins
James Dopp
Norman Tonina

Kevin Walsh
Steven Middlemiss
James Carlen
Paul Hamilton
Robert Dufault
Charles Coughlin
David Feng
Stanley Searles

Abbot Rice

Town personnel working with the C.I.P. Committee included Executive Administrator Fred Snider, Town Planner Michael Reynolds, and Finance Director Lydia Angell. The C.I.P. Committee began its work for FY 1991-92 in September 1990. Meetings were conducted between then and December 1990.

Proposed Zoning Ordinance, Draft Date: May 22, 1991

As stated in last year's annual report, the eighty-eight (88) page May 22, 1991 draft was prepared by the Town Planner to incorporate the efforts made during the many Planning Board zoning ordinance draft dated April 19, 1990.

The purpose of the Zoning Ordinance project is to restructure the text of the existing Zoning Ordinance to an organized by sequence format with detailed explanative content for each zoning district. Upon completion of the text, the Planning Board will draft zoning district boundary revisions to the Zoning Map. The New Zoning districts are proposed to be color-coded in order to allow for a much easier identification of zoning districts.

Sounding Board and Nashua Regional Planning Commission Review

The Planning Board established a citizen input committee to review the May 22, 1991 Zoning Ordinance Draft. This committee, called the Sounding Board, was introduced in order to receive as much public input for the Zoning Ordinance as possible. Thirty-six (36) individuals joined this public sounding board.

Jay Minkarah, from the Nashua Regional Planning Commission (NRPC), coordinated the Sounding Board's work. NRPC was hired to conduct an impartial outside review of the Zoning Ordinance Draft and to provide coordinating assistance to the Sounding Board.

The Sounding Board met frequently from August 1991 until its final meeting on April 30, 1992. The work of the Sounding Board was presented by NRPC Executive Director Don Zizzi and NRPC Planner Jay Minkarah to Hudson Executive Administrator Fred Snider, Planning Board Chairman Robert Brown, and Town Planner Michael Reynolds on May 28, 1992. The work was presented to the planning Board at a workshop held on June 17, 1992.

Since June 17, the Planning Board has continued its work on the Zoning Ordinance Project. Planning Board members have contributed their time to drawing up "use tables" and suggested ordinance text.

Rezoning Petition

In March 1992, the Planning Board considered a petition concerning a proposal to rezone four lots from Residential A-2 to Commercial B-1. The lots total a land area of approximately 17.3 acres. The lots are located directly south of the Circumferential Highway corridor and opposite the Sam's Club site. The purpose of the rezone was to establish a legitimate zoning district for a site proposed for a Wal-Mart store. On March 25, 1992, the Planning Board passed along a positive recommendation for the rezone to the Town Council. The rezone passed by vote at a Town election in June.

1991 Master Plan Update

Intern Jane Lockwood completed a draft of the Hudson Master Plan Community Facilities Chapter on August 30, 1991. Intern Jeff Levesque completed a report which studied customized fiscal impact multipliers. Both Jane and Jeff presented their work to the Planning Board on September 25, 1991.

The Planning Board approved the new Community Facilities Chapter on March 11, 1992. The new chapter lays out an up-to-date foundation from which department managers can work in order to prepare annual C.I.P. element proposals.

Existing Land Use Map Update

Intern Jane Lockwood returned to Town service in July 1992 and updated the color-coded lot by lot Existing Land Use Map. The map was originated from scratch by intern Brian McMaster in 1990.

Regional Impact Review

The Planning Board, at their meeting on July 8, 1992, employed new NH RSA 36:56, to "...determine whether or not the development, if approved, reasonably could be construed as having the potential for regional impact. Doubt concerning regional impact shall be resolved in a determination that the development has a potential regional impact." The development, the proposed Wal-Mart store, was declared by the Board to have the potential for a regional impact. The Board then followed the course set by NH RSA 36:57 and provided notification to neighboring communities.

Subdivision and Site Plan Regulations

Four (4) new or amended regulations were approved by the Planning Board between January and May 1992. Another four (4) new or amended regulations were approved in July and August.

The following subdivision and site plan amendments were approved by the Planning Board and are now included in the Hudson Town Code (heretofore referred to as HTC).

HTC 275-16 and 289-39 are new regulations designed to address incomplete and inactive plans. Approved January 8, 1992.

HTC 275-17 and 289-40 are new regulations established so that residents and

prospective residents can learn quickly the kind of maintenance and support that can be expected for the streets on which they live (street disposition awareness). Approved February 26, 1992.

HTC 275-18 (new) and 289-10 C. (amended) are regulations which address the filing of performance sureties to guarantee completion of subdivision and site plan developments. Approved April 8, 1992.

HTC 289-18 B. (amended) are subdivision regulations concerning Cul-de-Sac Right of Way and pavement widths, roadway length, radial turnaround, landscaping, and signage. Approved April 22, 1992.

HTC 275-13 A. (amended) is a site plan regulation that determines the "plan approval clock". Approved July 8, 1992.

HTC 275-19 and 289-41 are amended regulations which were established to address a growing problem of plans approved at a meeting, but not signed and recorded at the Registry of Deeds. Approved July 8, 1992.

HTC 275-8 B. (4) and 289-27 A. are amended regulations that provide for a consistent location of the Planning Board "approval block" on a plan drawing. Approved July 8, 1992.

HTC 275-20 and 289-42 are both new regulations that introduce the concept of underground wiring to the plan review process. Approved August 12, 1992.

Conservation and Park Land Planning

The Town's New Conservation Land

As stated in last year's annual report, the Town was successful in making an application to the State of New Hampshire Land Conservation Investment Program (NH LCIP). The result was an award of monies to purchase 189 acres from David, Peter, and Stephen Hamblett, and 203.5 acres from Gerald and Lucille Nash.

The 392.5 acres of land abuts a previously landlocked Town-owned parcel comprising 24 (+ -) acres. Combined, the parcels total 416.5 acres. This land is located east and north of Musquash Road, south of Bush Hill Road, and west of the Pelham town line.

The "closing" took place on December 16, 1991 at the Hillsborough County Registry of Deeds. What next? The old (1700's) farm roads can be cleared of debris for use as scenic hiking trails. It is hoped that a 1993 planning internship project will produce a trail map.

On March 30, 1992, the Governor of New Hampshire presented the 1992 Governor's Natural Areas Protection Award to the Nash and Hamblett families. This award recognizes the voluntary protection of a natural area.

State of New Hampshire Land and Water Conservation Fund

(National Park Service Monies). In October 1991, the Town applied for a

maximum of \$25,000 in matching monies to redevelop Merrifield Park. In December 1991, the Town received notice that only six (6) projects out of thirty-one (31) community applications were funded. Hudson's application was not among those funded. However, the Hudson Board of Selectmen, at their meeting of September 1, 1992, voted to re-submit the Merrifield Park Land & Water Conservation Fund grant application for the 1993 outdoor recreation grant round.

Corridor Studies Update & Impact Fee System Design

The Planning Board completed a Request for Proposals to update the Town's three corridor studies and introduce a new impact fee system design. The Town Council approved a Fiscal Year 1992-93 line item to assist in the funding of this project.

Economic Development

The Town Planner began working with the Local Government Committee of the Greater Nashua, New Hampshire Center for Economic Development. Toward the end of Fiscal Year 1991-92 and moving into the next fiscal year, the Town Planner worked with Selectman Bill Cole to explore methods of improving economic development in Hudson. At the very beginning of FY 1992-93, the Town Planner met with the Milford Planning Director to learn about the Milford Industrial Development Corporation.

During the summer of 1992, the Town Planner became a member of the Steering Group which organized the November 14 Economic Development Conference. The Town Planner also became a member of the Hudson Economic Development Corporation.

New Hampshire Planners' Association Winter Conference

The Town Planner participated at the New Hampshire Planners' Association Winter Conference (March 5 and 6, 1992) as a panel speaker on the topic of "impact fees".

Planning Staff

Kathleen Cavedon, Associate Planner, provides technical assistance in the review of subdivision and site plan application sets. She coordinates interdepartmental plan review, to include the routing of plans to Engineering, Zoning, Assessing, Fire, and Police Departments. She assists the Town Planner in preparation for Subdivision/Site Plan Review Committee and Planning Board meetings. Kathy coordinates all necessary details for final plan approval and county registry recording. Kathy reviews building permit and occupancy requests. She assists the Town Planner with long range planning and economic development projects.

Kathy Cavedon served as Agency Fee Clerk for two (2) years (1990-92). As Agency Fee Clerk, Kathy was responsible for research, account analysis, management and collection of agency accounts. Accounts include traffic impact funds, Cost Allocation Procedure amounts, surety requirements (performance and maintenance bonds) and consultant or in-house engineering review and inspection fee escrow accounts. Kathy was hired as Associate Planner effective September 10, 1992. The placement of the Agency Fee duties are under study.

Susan Pelkey, Associate Planner, resigned on August 7, 1992.

Pamela Lavoie, Planning Board Secretary, is responsible for assisting the Town Planner in planning board meeting preparation and following through on the many details which follow Planning Board, Capital Improvements Program Committee, Sounding Board, and the Open Space Design Committee. Pam posts agendas, mails abutter/property owner notices, and provides secretarial assistance for all areas of Town Planning.

I take the opportunity of this annual report to express my sincere appreciation for all of the excellent work and attention to detail by the members of my staff. I also extend a thank you to all Town Departments, civic organizations, and individuals that assisted Planning during the last year.

I will always remember the dedication of Richard Howard who passed away in December 1992. Dick, who served on the Planning Board, will be surely missed.

Respectfully submitted,

Michael H. Reynolds
Town Planner

PLANNING BOARD

1991-92 ANNUAL REPORT

During the past year, the Planning Board explored new planning territory. The Board recognized that proposed land use was having an increasing impact not only to Hudson, but to the surrounding communities.

The Planning Board, with reference to NH RSA 36:56 declared the proposed Wal-Mart site plan to have a potential for regional impact. Surrounding communities were sent letters with copies of the site plan and requested to provide plan review input to the Hudson Planning Board.

The Planning Board held firm its policy concerning performance sureties. Three approved and recorded development plans were revoked as a result of a performance surety not being in place. The revocation was pursuant to new NH RSA 676:4-a I (e).

Significant plans before the Board included Sam's Club, Wal-Mart, Market Basket Addition, Merrill's Pulpit (residential) Subdivision, Krystal Estates Mobile

Home Park (27 sites), and HERA Plaza. The Krystal Estates review included two Saturday morning site visits.

The Planning Board received the Sounding Board's Zoning Ordinance Draft review and began its consideration in June. Planning Board members made further revisions to the original draft. While the zoning ordinance project is still before the Board, it is hoped that sections of the text will be ready for Town consideration in March 1993.

The Planning Board met jointly with the Zoning Board of Adjustment on March 4. This was the first meeting of this type in recent years. This meeting allowed members to learn first hand how the town boards work. The Zoning Administrator and the Town Planner participated in this meeting as well.

Election of officers in January 1992:

Robert Brown, Chairman
William Stetzler, Vice-Chairman
Arthur Clement, Secretary

The change of government on July 1, 1992, restructured the Planning Board membership to seven regular member seats and three alternate member seats. Six of the regular seats are by appointment and have terms of office. The seventh seat is held by a Selectman. The three alternate seats are by appointment and have terms of office.

In closing, I would like to thank the following individuals for their help and dedication to the Board and our community in the past year.

Pam Lavoie,	Planning Board Secretary
Mike Reynolds,	Town Planner
Kathleen Cavedon,	Agency Fee Clerk
	and presently Associate Planner
Susan Pelkey,	Associate Planner
Melanie Axelson,	Engineering Secretary
Mike Gospodarek,	Town Engineer
Lea Ake,	Legal Secretary
John Ratigan,	Town Attorney
Ann and Brad Seabury,	Recorders

This report is dedicated to the memory of Richard Howard, who passed away on December 12, 1992.

Respectfully submitted,

Robert Brown
Planning Board Chairman

POLICE DEPARTMENT

1992 ANNUAL REPORT

1992 began with a new Police Chief. I accepted your trust to lead this fine department, a position that to me is a great honor. I quickly learned that the outside perception of the community and police department was based upon history, not reality. The community was warm and welcomed me graciously; the department well trained and dedicated to helping people. My staff, Captain Dick Gendron, Lt. Bill Closs, Information Manager Lisa Nute and Secretary Dorothy Carey worked hard to acclimate me to the community and department procedures. I quickly learned that they care very much about our community and this department as they demonstrated over and over with their long hours and weekend appearances without thought of compensation.

Working daily, information, ideas and opinions given freely by each staff member, the quality of which has demonstrated their concern, support loyalty and, most important, their individual personal integrity! Only working intimately with them on sensitive matters can I accurately make this statement. You do have a well trained, properly equipped organization. I strongly urge you to get to know the officers and staff by going on "ride-a-longs" in the cruiser or just spend a few minutes talking with them.

Captain Gendron wrote in last year's report:

"The Police Department continues its efforts to build a "partnership" with the citizens it serves. We are seeking this partnership for two (2) major reasons; to produce a cooperative process of identifying police priorities; and to provide more effective methods of achieving our goals".

We exist to keep this community safe and to maintain a good quality of life for its members. It can't be done without you! A partnership means communicating, getting to know one another, building relationships which will develop trust and understanding. Watch over your neighbor's property and call us if something doesn't seem right. You are the expert of what is suspicious in your neighborhood - tell us - we'll check to make sure everything is alright. Some people feel they don't want to bother us for something that might be nothing. But what if is a crime in progress or a neighbor in need of assistance? Isn't it better to err on the side of safety? And that is what we are here for. Remember, we are the law enforcement experts, but you are the expert of what is normal in your community. Lets work together sharing our expertise!

In this past year we've begun some internal administrative changes that will improve our records, and we've begun equipping our officers with a non-injurious chemical weapon that will allow the officer an alternative to other means of force. We continue to employ the television cameras in our vehicles and in our booking facilities. In my eight months several attempts to discredit our officers have been foiled by the "truthful" version on videotape. They continue to verify our creditability and ward off false liability claims. Our other programs against crime and drugs, C.H.I.P.S. and D.A.R.E, continue to help members of the community. A significant number of volunteer hours have been given by several caring

members of our community who deserve our thanks for their selfless help.

Everyone knows we need a new facility. Just to repeat, here again are the reasons: citizen privacy, numerous liability dangers, not in compliance with the Disabled Americans Act, dangerous booking and holding facility, one unisex toilet for all employees, hallways used for files, clerical equipment, lockers and storage, inability to conduct sensitive interviews or interrogations, and a very discouraging lobby where we make our “first impression.” An appropriate facility would cost the average \$150,000, each homeowner \$40, for the first year, decreasing each subsequent year on a 20 year bond. Interest rates and construction costs are the lowest they’ve been in decades.

The tumultuous events of the past in our government and our police department continue to be a legacy inherited by us. Mistrust and suspicion continue to haunt us affecting relationships and communication. Only by being open with strong communication lines, listening attentively to other opinions as well as expressing our own, and caring enough for others to insure our communication can get our point across **without hurting the other person**, can we begin to bury our infamous past and forge the bonds of teamwork.

Our last Council was in office for three months. I never saw such dedicated people work so many long hours without any compensation so that government could make the transition as easily as it did. Our present Selectmen have equally been putting in so much time learning their responsibilities and carrying them out with so little thanks from those of us that don’t care to get involved. I haven’t agreed with some of their decisions, but I appreciate that each of them has taken so much time away from their families, personal interests, and while working other jobs. I’ve watched many Town employees working long, hard hours going far beyond their “job descriptions” to make things work and get things done. Our elected officials can’t run this Town alone and neither can our department managers. Together, our energies can be focused to bury the past, work collectively toward compromises to satisfy as many people as possible, building a community and quality of life we can all be proud of. Thank you for your trust, the warmth and friendship you’ve extended to me, and your good wishes for my future.

Respectfully submitted,

Edward T. Zarek, Jr.
Chief of Police

DEPARTMENT OF PUBLIC WORKS

1992 ANNUAL REPORT

The Department of Public Works is comprised of the following Divisions; Administration, Engineering, Streets, Drain/Sewer and Equipment Maintenance. The Department also works closely with and provides support to the Conservation Commission, Planning Board, Solid Waste Study Committee and the Sewer Utility Committee.

Major accomplishments this past year have been the implementation and completion of the Ferry/Chase Signalization Project and the Bridge Inspection and Analysis Program. The signalization project upgraded the traffic signal system at

the Ferry/Chase intersection and improved the safety characteristics of this intersection. Signal improvements were also conducted at the intersections of Library/Ferry and Derry/Highland in order for the three intersections encompassing the Town Common to work in unison to enable optimum traffic flow. The Bridge Inspection and Analysis Program produced good reports of the bridges inspected with one exception; Bridle Bridge over Beaver Brook. This bridge is owned jointly between the Town of Hudson and Town of Windham and is slated for complete reconstruction during the Spring of 1993, with each community sharing equally in the cost.

Other Department accomplishments include the timely completion of the Townwide Paving Program, the implementation and completion of scheduled "in-house" drainage improvement projects and the thorough design review and construction inspection of development projects.

The primary Capital Improvement Project for the Department is the construction of an adequate Public Works Facility. The existing facility is deficient in numerous areas all of which affect the safety of employees, safe storage of equipment and materials and the optimum efficiency and reliability of the Department. This project continues to be ranked near the top of the Town's CIP priorities.

Personnel changes this past year involve the filling of the Chief Mechanic position within the Equipment Maintenance Division. Mr. Don McNeil, a twelve year Hudson resident, began employment with the Department in November of 1991.

As always, the most important goal of the Department of Public Works is to provide to the residents of the Town of Hudson the highest level of service possible throughout the year under whatever conditions mother nature may dictate.

In closing, I extend my appreciation to all members of the Department of Public Works and other departments who have assisted in the operations and accomplishments of the Department this past year.

Respectfully submitted,

Mark P. DeVine
Public Works Manager

————— ENGINEERING DIVISION —————

The purpose of this report is to outline the broad responsibilities of the Engineering Division, discuss changes within the Division in the past year, present the status of important projects and to set priorities for the upcoming year.

The function of the Engineering Division is to manage three broad categories of activities. First to provide technical support to the Town's governing bodies; these bodies include the Planning Board, Sewer Utilities Committee, Conservation Commission, and Zoning Board of Adjustment. The second is review and

inspection of development projects, and the third is to provide service and support to any identified problems within the Town.

The status of major projects and programs are as follows. Please note this list is not all inclusive.

1. CEDAR STREET AND SPRUCE STREET SEWER RECONSTRUCTION. This completed project consisted of replacing approximately 2,060 linear feet of old, worn out sanitary sewer pipe. The replacement of this pipe benefited the Town sewer users by the reduction of unwanted inflow/infiltration and the reduction of damaging obstructions.

2. INDUSTRIAL DISCHARGE PROGRAM. This program monitors all sanitary sewer discharge, excluding domestic waste, into the Town sewer distribution system. This program is mandated by the Environmental Protection Agency. All discharge permits are issued and monitoring continues.

3. TOWNWIDE INVENTORY/RESOURCE ANALYSIS. This program is the research and accumulation of Town resources relating to the Engineering Division and the Department of Public Works. These resources are being cataloged and placed on layers utilizing the CAD software the Town has purchased. A typical example of information includes street systems, right-of-ways, drainage infrastructure, sewer infrastructure and street infrastructure, etc.

4. PELHAM ROAD RECONSTRUCTION PROJECT. This project involves the reconstruction of Pelham Road from Lowell Road to Virginia Drive. In addition, the project is expected to include the realignment of the Lowell Road/Pelham Road intersection, signalization at this intersection, sidewalks, drainage improvements along Pelham Road. Preliminary engineering and design will be complete in the fall of 1992.

5. SEWER ATLAS/FACILITIES PLAN UPDATE. This project involves the preparation of the Townwide sewer atlas depicting the complete sanitary sewer distribution system. In addition, the facilities plan update would evaluate the existing sewer distribution system relative to capacity and use. The expected project completion date is the winter of 1992.

6. INSTITUTE CONSTRUCTION SPECIFICATIONS. The specifications would outline the Town's requirements for all infrastructure construction, i.e. roadways, drainage, sanitary sewer, etc., performed for any private or public entity within the Town of Hudson.

Next year's priorities include the following:

1. Develop a working plan relating to drainage, sewer and roadway improvements to aid in future budget forecasting and designs.

2. Utilize this plan to forecast and plan the Town's needs for the future.

This Division is currently managing for the Planning Board approximately

\$1,160,000.00 in performance securities relating to residential and commercial developments.

Respectfully submitted,

Michael Gospodarek
Town Engineer

STREET DIVISION

Fiscal year 1991/1992 was again a very busy and productive year for the Street Division. The largest single event that sticks out in the past twelve months was the visit of Hurricane Bob in August. Hurricane Bob knocked down over one hundred trees and flooded sixteen streets keeping division personnel busy for two weeks cleaning up. With the cooperation of the Police and Fire Departments all streets were opened to traffic within twenty-four hours of the end of the storm.

The annual Townwide paving program was again completed on schedule and within projected cost. The town placed 8,411 tons of asphalt. Paving work was done on Spear Road, Cross Street, Pelham Road, Melendy Road, Griffin Road, Windham Road, Cape Drive, Clark Street, Ferry Avenue, Ledge Road, Marsh Road, Chalifoux Road, Ferry Street Dugout Road, Oliver Drive, Edgewood Drive, St. John Street and Grigas Street. Ferry Street at the Veterans Bridge was our first experience at night paving. Paving started at 11:00 PM to alleviate a major traffic problem.

The Street Division also assisted in the installation of the traffic control system at the Ferry Street, Library Street, Derry Street and Highland Street intersections.

New guardrails were installed on Pine Road, County Road, Bush Hill Road and Wason Road.

Repairs to the existing Public Works Garage are an ongoing problem. This year we had to replace the furnace after an explosion in the old unit. The roof was repaired on the metal building and several windows had to be replaced.

This year we took advantage of our county taxes and had prisoners working for us for two weeks. The prisoners performed tasks of painting, cleaning, litter pickup and raking at little cost to the town. We plan on making this an annual project.

The Maintenance Division has begun the salt/sand spreader restoration program. This year all ten spreaders were sand blasted, primed and repainted with many parts being rebuilt or replaced. This program is being supervised by the new Chief Mechanic, Don McNeil.

Recurring annual jobs also kept us busy. Some of these tasks include; brush and tree removal, street cleaning, street patching, crack sealing, parks and cemetery landscaping, lawn care, litter removal, grading gravel roads, road shoulder maintenance, roadside mowing, equipment maintenance, traffic light maintenance, sign installation and replacement, snow and ice removal, etc.

During the past year we have strived to improve the services we provide to the people of Hudson and will continue to work hard to improve at every opportunity.

In closing, we would like to thank all of the people who supported us throughout the past year and especially the Sewer and Drain Division whose help in the winter is immeasurable.

Respectfully submitted,

Edward P. Lamper, Foreman, Street Division
Kevin Burns, Sub-foreman, Street Division

DRAIN/SEWER DIVISION

This past fiscal year was a little different for the Sewer and Drain Division. It afforded us a chance to do a total reconstruction of Parkhurst Drive. Drains were installed; 865 feet, 6 catch basins; and sewer was installed for the future; 2300 feet and 7 manholes. The existing hot top was reclaimed and used as subgrade material, base pavement went down, then curbing was installed along with a wearing course of hot top. The curbing was then backed up, loam was spread and then hydroseeded. The end product reflected a big change in that street. Enough so we thought the Town would like another street in that area done in the next fiscal year!

Spruce and Cedar Streets were put out to bid and the old sewers were completely redone, including new pavement. There was a total of 2,000 feet of main line and 6 manholes installed on both streets. This rehabilitation was through the video and I & I reports. This system is working well, even though there may be a less expensive way to do the reconstruction.

There were numerous dye tests done to verify a home or business on sewers.

The I & I program was done at night on Central Street and Webster Street. Only one problem was found in these areas and that is always good news.

The fence barriers were installed on the two pipe bridges as a safety measure to keep foot traffic and bicycles from crossing the brooks.

There was another flow meter and chart installed at the Flume to measure the gallons that come back on a reverse flow when Nashua has heavy rains. Where they are still a combined system this meter was necessary to better account for the actual flow of sewage to Nashua.

Sewer and Drain maps were worked on in the winter months. The sewer maps give total distance between manholes now have a letter and number designation. This next winter, weather permitting, we will obtain the depth of manholes, size of pipe and type of pipe.

Beaver dams are frequent maintenance problems, with the requirement of the current Town ordinance, but they are under control at the present time.

There were two small drainage projects completed on Webster Street and one small project on Ledge Road. They both consisted of the installation of pipe, catch basins and manholes.

Newly acquired equipment for this division was a one ton dump body utility truck and a 2200 pound crane that was mounted on the flatbed truck. This piece of equipment is very useful to us and saves a loader or backhoe from traveling to the various sites to pick up and unload frames and covers, frames and grates, pipe, concrete grade rings, etc. It also eliminated the men trying to lift too much and hurting their backs.

The Vector truck was kept busy flushing and cleaning sewer and drain lines. The same two people on this equipment also maintain three pump stations and the flume structure. These two people also help plow snow and salt/sand in the winter months, as does the rest of Drain/Sewer Division.

Special thanks this year as in past years to Street Division personnel for all their help on our projects.

Respectfully submitted,

Ronald C. Gardner, Foreman, Drain/Sewer Division
Jess Forrence, Sub-foreman, Drain/Sewer Division

RECREATION DEPARTMENT 1992 ANNUAL REPORT

The Hudson Recreation Department continues to support, plan and coordinate many activities for the constructive use of leisure time for Hudson residents of all ages. Residents continue to turn toward the Recreation Department activities in record numbers.

The Summer Youth Center Program continues to break all records. We had 1,063 children registered in our program, with an average daily attendance of 255. The Staff of 12 kept busy supervising the daily activities at the Youth Center. Each week the children could participate in arts and crafts, board games, ping pong, pool, shuffleboard, soccer, basketball, kickball, 4 square, volleyball and tetherball. The participants paid a fee to attend roller skating or bowling. Highlights of the program were the Olympic Week, North-South Day, Counselor for a Day, Beauty and the Beast Play and Awards Night. Rocky LaRock was the participant awarded the Paul Sherman Memorial Award for his cooperative spirit and active participation. Each week the children could pay to participate in the field trip. We are thankful for the parents that would volunteer to help us chaperone. We took exciting adventures to Greenfield State Park, George's Island in Boston Harbor, Sturbridge Village, Robinson Pond, North Shore Music show, Southwick Animal Farm and Canobie lake Park. We have something for everyone. Our program is

the envy of surrounding towns, often copied, but never duplicated. The success of the program is due to the energetic, caring Staff. Thanks for a job well done go to: Keith Bowen, Lisa Dumont, Sherri Hamilton, Amy Hogan, Ken Johnson, Jennifer La Plant, Shannon Latham, Pete Manor, Judy Palleschi, Sherry Skelton, Sheryl Williamson, Paula Wyka and substitutes Jennifer Hollcraft and Heather Locke.

Tennis Instructions in the basics and advanced skills were provided to 110 paid participants. The success of this program is due to the low cost and small teacher - participant ratio. Instructor Steve Lovejoy did an outstanding job in providing this service to Hudson children.

The Robinson Pond Recreational Facility offers a wide variety of activities for Hudson residents. The Pond is under the supervision of Janet Bedard. She and her Staff provided another safe and enjoyable summer for those that use the services at Robinson Pond. Swimming lessons saw an increase in participation. The children are provided three weeks of lessons for only \$7.00. 520 children participated in this program. The weather conditions determine patron use of the Pond. The Pond water is tested during the summer for safe, sanitary conditions. These test are conducted by the State of New Hampshire. The cleanliness of the beach and picnic area is maintained by the staff, who appreciate the patrons that use the proper containers and keep their dogs away from the facility. Thanks for a job well done go to: Janet Bedard, Dennis Turcotte, Sharron Turcotte, Chris Hurley, Vivian Appler, Monica Fernandez, Patty Allen, Jamie Reckis, Joshua Luszcz, Kate Meaney, Jeff Allison, Jennifer Hughes, Jim Hull, Steve Dube, Steve Chaisson, Chip Hansen, Dwight Robinson and Jennifer Shaw.

The Recreation Department sponsors the Hudson Babe Ruth Program. We participate in the Merrimack Valley Babe Ruth League. Boys age 13-15 compete in games and tournaments against each other and other area towns. This year we were the Host of the State Tournament. Games were played at Alvirne Fields. This year we had 3 teams for the 13 year old division and 4 teams for the 14-15 year olds. Due to increased interest and participation we added a Senior Babe Ruth Division for the 16-18 year olds. The Director for this program is Don Clarke. He does an outstanding job coordinating all areas of this program. Thanks to Don's efforts we had another successful season.

The Men's and Women's Softball League continues to be a favorite of Hudson Adult residents. The participants pay a registration fee, and are sponsored by local businesses. The Men's League is under the direction Joyce Cloutier who did an outstanding job keeping the emphasis on recreational enjoyment. Carol Carlone completed her first (I hope of many) season as Director of the Women's League. Her hard work and dedication to the program help to make this one of the finest Leagues in the area.

Our Youth Soccer Program has grown beyond our expectations. Children in grades 1-8 participate in weekly games at the Alvirne Fields. We have almost 500 children participating in this activity. This program has grown due to the hard work of the Director, Carol Carlone. The scheduling of practices, games, ordering of shirts and necessary equipment is an enormous task, accomplished with zeal. Our

thanks to Steve Beals and the Alvirne Soccer Teams for their help in running another successful soccer clinic for our players and coaches. This program is supported by many enthusiastic parents and coaches willing to give of their time and talents to the Youth of Hudson. The participants pay a fee to play in this League, this League is practically self supporting. Carol Carlone was named the Recreation Department Employee of the year due to her dedication and hard work for the children of Hudson.

Our Instructional Basketball Program was held at Nottingham West Gym on Saturday mornings during the winter months. This past year we saw an overwhelming response to this program. We had 176 second and third grade boys and girls participating in three sessions. This program was under the direction of Edward Peterson. He and his two volunteer assistants, Cliff Skelton and Bill Hassey, provided a fun-filled learning experience for the children. Student-athletes from the community also assisted in this program. Special thanks to Patty Skelton, Jeff Cloos, Chris Frangus, Bill Hassey Jr., Kendra Lambert, Angela Antidormi, and Kristen Latham for their time and help in this program.

The Winter Basketball League for boys and girls in grades 4-8 saw another increase in 5 teams to the League. Each weekend the 36 teams participated in games at Memorial and Nottingham West Schools. Each week night the gyms of all the elementary and middle schools were filled with athletes practicing their skills and teamwork. This year we added a high school division for those that were not on a school team. We appreciate the help and cooperation of the Hudson School Department for the continued use of the facilities for use by the Recreation Department. To the many parents and coaches who help with this program, thanks for all your help and support.

Adult volleyball is held at Memorial Gym on Mondays and Thursdays. This activity is enjoyed by many Hudson residents. There is no set league, teams are chosen each week from those that attend. This format holds true for the Mens Basketball League on Friday nights at Library Street School. Norm Cloutier, Carol Carlone and Les Marshall are the coordinators for these programs and have done a wonderful job seeing to it that these activities run smoothly.

The Recreation Center is in constant use throughout the year. The Recreation Commission meetings are held the first Tuesday of each month and are open to all residents. The Recreation Center is open to other youth-oriented or recreation-oriented groups. Some of the various groups who have used the building in the past year are the Boy Scouts, Hudson Girl's Softball, Girl Scouts and Brownies, Hudson Youth Baseball, Pop Warner, Hudson Sno-men, Merrimack Valley Bee Keepers, Hudson Grange, STOPP, and Merrimack Valley Baseball.

All of the Recreation Department facilities are maintained by Reggie Provencal. His daily upkeep of all the fields, courts and buildings is a task for many, but accomplished by one. Kevin Burns and his crew have assisted on many projects and we are thankful for their continued help and support. Many groups and

individuals have made donations to the Recreation Department throughout the year. To them we are grateful for their support.

To the members of the Recreation Commission and to the community, thank you for your help in making this another successful year for the Recreation Department. Thanks to the children who make all our work worthwhile.

Respectfully submitted,

Barbara Hamilton
Recreation Director

Nancy Taranto
Ralph Carpenter - Alternate

SOLID WASTE STUDY COMMITTEE

1992 ANNUAL REPORT

Curbside pickup of residential waste, with curbside recycling, by Waste Management of NH, Inc. continued during 1992. The current contract will expire in June 1993 with the option to extend for six months. Participation in the curbside recycling has been at 35%-40% with approximately 10% of the waste stream being diverted by recycling. Spring and Fall cleanups have continued to be popular with Town residents.

The primary focus of the committee was to seek out and compare options for the long term municipal solid waste disposal needs of the Town. Included were tours of Windham and Merrimack transfer stations and recycling centers. The question of whether the Town should do its own curbside pickup is under study. Partnership with a nearby Town is also being considered.

A number of Town residents expressed a desire to expand the curbside recycling program to include more items. To that end a pilot plastic and tin can program was formulated in partnership with Waste Management of NH, Inc. Results will be available for next year's report.

The main challenge facing the committee in fiscal year 1993 will be to develop and present options and make recommendations to the Board of Selectmen regarding the expiration of the solid waste contract with Waste Management of NH, Inc. The change in the form of government has made this more challenging in that it has given us less time to finalize options. We look forward to a busy and productive year.

Respectfully submitted,

Gerard J. Casavant, Chairman
Solid Waste Study Committee

TOWN OF HUDSON
OFFICE OF THE TOWN CLERK

12 School Street Hudson, New Hampshire 03051 (603) 886-6003

WARRANT

To the inhabitants of the Town of Hudson in the County of Hillsborough, in the State of New Hampshire.

You are hereby notified to meet at the following polling places:

Districts 1, 2 and 6	St. Kathryn's Parish Center
Districts 3, 4 and 5	Hudson Lions Hall
Districts 7, 8 and 9	Hudson Lions Hall

In said Hudson on Tuesday, the 10th of March 1992 (the polls will be opened between the hours of 7:00 AM and 7:00 PM) to act upon the following subjects:

To bring in your votes for the following positions:

For District Councillors
For Councillors-at-Large
For Town Clerk/Tax Collector
For Treasurer
For Supervisor of the Checklist
For Moderator
For Budget Committee
For Code of Ethics
For Trustees of the Library

To bring in your votes on the following Zoning Ordinance Referendum Questions:

Amendment #1

Are you in favor of the adoption of Amendment #1 as approved by the Town Council for the Town Zoning Ordinance as follows?

DESCRIPTION: The definition of the word “USE” shall be amended to read: “The activity to which a structure on the property or the land is being put.” This Amendment eliminates language in the old definition which referred to “purpose” or “intent” which are difficult terms to understand. The new definition of “use” measures the activity which any structure on the property is being put or the activity to which the land itself is being put. “Approved by the Planning Board”

Amendment #2

Are you in favor of the adoption of Amendment #2 as approved by the Town Council for the Town Zoning Ordinance as follows?

DESCRIPTION: The following paragraph shall be added to the definition of “LOT, NONCONFORMING” -“Notwithstanding” the minimum lot area requirements set forth in Section 334-54, in any district in which structures are permitted, a structure may be erected on a lot which was a lot of record, even though such lot fails to meet the present requirements for frontage or area, or both, that are applicable in that district; provided, however, that such lot is not contiguous with another lot or lots in the same ownership, provided that the property is either on town sewer or the property owner obtains a state and/or municipal septic permit, and further provided that the zone’s minimum front, side and back yard setbacks are satisfied.” This Amendment to the definition of “lot, nonconforming” will permit owners of lots of record to build on substandard lots providing that they have consolidated into one lot any adjacent properties they may own and providing that they can meet the zone’s setback requirements and the requirements for proper sewage disposal. This Amendment brings the Zoning Ordinance into accordance with property right protections that Courts have given to the owners of property which existed as independent lots prior to the adoption of zoning in a municipality. “Approved by the Planning Board”

Amendment #3

Are you in favor of the adoption of Amendment #3 as approved by the Town Council for the Town Zoning Ordinance as follows?

DESCRIPTION: The following definition for the words “LOT OF RECORD” shall be added to the Ordinance: “A separate or distinct numbered lot as shown as of the effective date of this Zoning Ordinance (3/10/42) by a plan of lots which has been recorded at the Hillsborough County Registry of Deeds.” This definition defines “lot of record” which is used as a term in Zoning Amendment #2, “lot, nonconforming”, and establishes that such a lot must have been in existence on a recorded

subdivision plan at the Hillsborough County Registry of Deeds prior to the March 10, 1942 adoption of zoning in the Town of Hudson.
"Approved by the Planning Board"

Amendment #4

Are you in favor of the adoption of Amendment #4 as approved by the Town Council for the Town Zoning Ordinance as follows?

DESCRIPTION: Zoning Ordinance Article VIII, Mobile Homes and Pre-site-built Housing. There is no change to the present wording of the Mobile Home portion of the Zoning Ordinance. The Amendment simply seeks to readopt this portion of the Ordinance in its entirety to correct a perceived legal flaw that may have been part of the original adoption of this section when it was first approved by the voters in 1989. "Approved by the Planning Board"

To bring in your votes on the following Charter Amendments:

Question #1

"Shall a Charter Commission be established for the purpose of revising the Municipal Charter or establishing a new Municipal Charter?"

Question #2

Are you in favor of repealing the Municipal Charter and return to the previous form of government, that being a five member Board of Selectmen with Town Meeting.

Explanation: The passage of the above question would end the Town Council form of government. If passed, a special election would be held prior to July 1, 1992 for the election of five (5) Selectmen and three (3) additional Budget Committee Members.

The Board of Selectmen would take office on July 1, 1992. All Council terms would expire upon the Selectmen taking the oath of office. The terms of office of all other elected and appointed officials would be unaffected by this change. All ordinances passed by the Council would remain in effect.

Given under our hands and seal, this 21st day of February, in the year of our Lord Nineteen Hundred and Ninety Two.

Councilors of
Hudson

A True Copy of Warrant - Attest:

Cecile Y. Nichols, Town Clerk

February 21,1992

We hereby certify that we gave notice to the inhabitants within the said Town of Hudson to meet 7:00 AM to 7:00 PM at St. Kathryn's Hall and Hudson Lions Hall on March 10, 1992 for the purpose within mentioned, by posting an attested copy of the warrant at the following locations:

Hudson Town Hall, 12 School Street
U.S. Post Office, Derry Street
Hills Memorial Library, Library Street

being public places in said Town of Hudson on the 21st day of February 1992.

Councillors of

Hudson

Special Town Election

WARRANT

To the inhabitants of the Town of Hudson in the County of Hillsborough, in the State of New Hampshire.

You are hereby notified to meet at the following polling places:

Districts 1, 2 and 6	St. Kathryn's Parish Center
Districts 3, 4 and 5	Hudson Lions Hall
Districts 7, 8 and 9	Hudson Lions Hall

In said Hudson on Tuesday, the 16th of June 1992 (the polls will be open between the hours of 7:00 AM and 7:00 PM) to act upon the following subjects:

To bring in your votes for the following positions:

For (5) five Selectmen
For (3) three Budget committee Members

To bring in your votes on the Bond Question:

Are you in favor of appropriating the sum of \$1,040,000.00 for the purpose of municipal sewer reconstruction, these bond monies shall be spent and repaid as follows: \$156,000.00 or 15% for street replacement and overlay to be paid by the Town Tax Rate; \$589,000.00 or 57% for actual sewer repair and replacement to be paid by the Town Tax rate: and \$295,000.00 or 28% for actual sewer repair and replacement to be paid

by the Sewer User Rate; with said sum to be in addition to any federal, state, or private funds made available therefor, and of authorizing the issuance of not more than \$1,040,000.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act, RSA Chapter 33?

To bring in your votes on the Zoning Ordinance Referendum Question:

Are you in favor of the adoption of Amendment #1 as approved by the Town Council for the Town Zoning Ordinance as follows?

DESCRIPTION: The proposed amendment rezones Tax Map #7, Lots 43, 43-1, 43-2 and 43-3 from Residential (A-2) to Commercial (B-1). This land is located on the Southeasterly corner of Lowell Road and on the corner of the as-yet-to-be built Nashua-Hudson Circumferential Highway. This property fronts along Lowell Road and is across the street from a commercial business known as "Sam's Club".

Approved by the Planning Board.

Given under our hands and seal, this 29th day of May, in the year of our Lord Nineteen Hundred and Ninety Two.

Councilors of

Hudson

A True Copy of Warrant - Attest:

Cecile Y. Nichols, Town Clerk

May 29, 1992

We hereby certify that we gave notice to the inhabitants within the said Town of Hudson to meet 7:00 AM to 7:00 PM at St. Kathryn's Hall and Hudson Lions Hall on June 16, 1992 for the purpose within mentioned, by posting an attested copy of the warrant at the following locations:

Hudson Town Hall, 12 School Street
U.S. Post Office, Derry Street
Hills Memorial Library, Library Street

being public places in said Town of Hudson on the 29th day of May 1992.

Councillors of

Hudson

A True Copy Attest:

Cecile Y. Nichols, Town Clerk

TOWN OF HUDSON
SPECIAL TOWN ELECTION
JUNE 16, 1992

The polls were opened, at Hudson Lions Hall, from 7:00 AM to 7:15 PM. A motion to extend the polls an additional 15 minutes was made by Howard Dilworth, Jr. and seconded by Bruce R. Nichols, Sr. A motion was made to close the polls at 7:15 PM by Albert Kashulines and seconded by George O. Mousseau.

The polls were opened, at St. Kathryn's Parish Hall, from 7:00 AM to 7:15 PM. A motion to extend the polls an additional 15 minutes was made by Virginia Mosnicka and seconded by Anne Sojka. A motion was made to close the polls at 7:15 PM by Virginia Mosnicka and seconded by Janie L. Delano.

Voting took place at the following locations:

St. Kathryn's Hall	Districts 1, 2 and 6
Hudson Lions Hall	Districts 3, 4 and 5
	Districts 7, 8 and 9

Election officials appointed by Shawn Jasper, Town Moderator for this election were as follows:

St. Kathryn's Hall

Asst. Moderator	Jeanette Guill
Selectman	Priscilla Bernasconi
Checklist Supervisor	Virginia Mosnicka
Ballot Clerks/Workers	Victoria-Lynn Beike Priscilla Bernasconi Janie L. Delano Jeanette Guill Jean L. Patrick Anne Sojka

Hudson Lions Hall

Moderator	Shawn Jasper
Asst. Moderator	George O. Mousseau
Selectman	George H. Baker, Sr.
Checklist Supervisors	Joyce Cloutier Sherry Kahn

Ballot Clerks/Workers

ZONING/BUILDING DIVISION

1992 ANNUAL REPORT

The duties and responsibilities of the Zoning Administrator for permit and plan review, zoning and building division administration, ZBA administrative support, code enforcement administration, wetland assessment and citizen advisement have remained steady since my tenure here in Hudson. Again, I have not witnessed any indication of a decrease in the number of persons who are unaware, confused or simply disagree with Town codes. I have noticed an effort on behalf of many business persons or companies to contact this office before settling in Hudson. The purpose of the contact is to flush out any problems with the property in which they are interested.

As in previous years this division faced the challenge of effectively dealing with an ever-increasing workload with existing staff. That premise has not changed. The workload for this staff remains at a level where additional staff are still needed. However, budget constraints appear to have eliminated that possibility. The teamwork exhibited by this division with other departments is an important factor in the maintenance of our activities - from administration to field work.

As reported last year, part of that teamwork is the diligent efforts of Loretta Setzer, Zoning Secretary, and Carla Anger and Ellen Boucher from DPW. They work very hard to keep the public informed and streamline our efforts to serve in our capacities as administrators and enforcers of the Town codes. This team effort has not changed.

In an effort to mitigate enforcement problems, a system of very open communication has been established between departments and divisions. Thus, we draw on the expertise of the offices of the Town Planner, Engineer, Attorney, Fire Prevention, Assessor and Data Processor to assist us in our efforts.

Enforcement procedures have been refined so we now have standard operating procedures to follow when collecting information for violation notification. This is a result of work by the legal department student interns and Town Attorney, John Ratigan.

We are working with Data Processing to further streamline our efforts of notification and follow up through the use of computerized forms and/or software creation.

The Code Enforcement Officer, William Oleksak, investigated 1,557 complaints of zoning or building code violation last year; of that total, 140 notices of violation were sent. Some notices are to repeat offenders, others are persons simply unaware of the Town codes.

These violation notices ranged from complaints about fences on property lines to filling of wetland. Mr. Oleksak is responsible for investigating all complaints and initiating or recommending the type of action taken.

Mr. Oleksak is also the Health Officer for the Town of Hudson. Currently his responsibilities as Health Officer require him to be the eyes and ears for the State Sanitarians or Department of Environmental Services.

There has been an increase in health-related inspections this past year. Inspections were conducted in conjunction with several staff agencies. Mr. Oleksak conducted 479 food service, day care facility, septic system failure and installations this past fiscal year.

Our department also assists the police department in the transport of animal heads (wild and domestic), to the state health lab in Concord for testing of the rabies virus. We transported five heads this year.

Building permits issued for this past fiscal year '92 (461) have decreased approximately 8.5% from the previous year (504). Single family construction is up and multi-family is still down from previous years.

However, there was a 21% increase in single family construction this past fiscal year (86 for fiscal '91 and 104 for fiscal '92). This again could be due to the value of the homes being built. "Affordable housing" is quite possibly a strong point in the economics of Hudson. Residential additions, alterations and decks are consistent with last year's figures. Commercial alterations and new commercial structures have remained essentially the same over the past year, from 22 to 19 in fiscal year 1992.

The dollar value of the new construction or alteration is one of the key factors in deciphering the net gain to the community for these alterations or new buildings. The Town of Hudson was privileged to witness the location of a growing company (Salem Screen Printers) in an existing industrial building and the construction of Sam's Club near the Sagamore Bridge on Route 3A.

The Zoning/Building and Code Enforcement Department has been able in this past year to maintain an activity level equal to or exceeding previous years. This in part is due to the streamlining efforts of this division and in a large way to the assistance received from other departments within the Town.

Respectfully submitted,

Susan Snide
Zoning Administrator

ZONING BOARD OF ADJUSTMENT (ZBA) 1992 ANNUAL REPORT

The quasi-judicial Hudson Zoning Board of Adjustment (ZBA) nominally consists of ten members, each of whom is appointed by the Board of Selectmen for 3 year terms (or shorter terms, if appointed to complete an unexpired term). Five of these members are "regular" members, who are expected to sit on all hearings before the ZBA. The other five are alternates, who attend all meetings and sit in place of regular members who either cannot attend a meeting or wish to step down from some particular case to avoid a conflict of interest. Traditionally, the "alternate" position is regarded as training for future "regular" members.

The ZBA meets on the fourth Thursday evening of each month (and also on the second Thursday if a backlog of cases starts to build up). The ZBA is authorized by the State RSAs to hear three kinds of cases: requests for variances, requests for special exceptions, and appeals of zoning administrative decisions made by Town zoning officials or the Planning Board.

For variances, which give relief from the literal restrictions of the Hudson Zoning Ordinance, as voted by the Town's citizens, State statutes demand that a majority of the sitting members find that an application satisfies each and all of five requirements: (1) that the land in question has "special conditions" that cause enforcement of the applicable Zoning Ordinance section(s) for the property in question to be an unnecessary hardship to the property owner, (2) that the intended use will not diminish the value of other properties in the neighborhood, (3) that the granting of the variance will be of benefit to the general public interest, (4) that substantial justice will be done to the applicant by granting the variance, and (5) that the intended use will not be contrary to the spirit of the Town's Zoning Ordinance. As part of the decision-making process, each sitting member fills out a form stipulating that member's judgement for each of these five requirements in each variance hearing.

For special exceptions, none of the above five requirements applies. Instead, the Hudson Zoning Ordinance defines the conditions under which special exceptions can be granted (for example, to allow a home occupation business as a secondary use on residential property, to allow certain kinds of construction within the wetlands setback area, to allow wall signs, etc.). For these requests, a majority of the sitting members must agree that the intended use satisfies or will satisfy whatever requirements are defined by the Zoning Ordinance for the intended use.

For appeals of administrative decisions, the ZBA moves either to uphold the administrative decision or to reverse that decision. The general premise for such hearings is that a majority of the sitting members must find that they would or would not have come to the decision that is being appealed.

For any of these three types of cases, the ZBA schedules a hearing date (generally scheduling four cases at a time), sends notice of that date and the applicant's intentions to all abutters of the concerned property, and advertises the meeting and scheduled cases in a local newspaper, as well as posting copies of that same notice in various public places throughout the town. For each hearing (some of which extend for two or more meetings because of the need to obtain more information), the ZBA first listens to a presentation by the applicant (or authorized representatives) explaining why the request should be granted, then to any abutter or affected citizen who wishes to speak in support of the request, and then to any abutter or affected citizen who has reason to speak against the request. If there is opposition, this first round of testimony is followed by a rebuttal round, giving parties on both sides a chance to respond to statements made by the other side. The ZBA members then deliberate the matter, asking questions if further information is felt needed from either side, after which the ZBA comes to a decision by the process of making and voting on a specific motion—generally, either to approve or to deny, with occasional instances of deferring the matter to a later date in order to obtain

additional information or legal counsel, or on rare instances to accept a request for withdrawal of the application. Under the checks-and-balances system built up over the years, citizens who feel aggrieved by the decision then have a period of 20 days in which to file a request for rehearing, after which the ZBA has a 10 day period in which to decide whether rehearing of the case is warranted. In the event that a rehearing is granted, the matter is then treated as a new case.

During the FY'92 reporting year, the ZBA processed 52 applications (six more than last year), of which it approved 41, denied nine, and rejected two as being either inappropriate or unnecessary. The accompanying table shows the breakdown of this caseload. While the ZBA approved four times as many applications as it denied, which might appear to be an unusually high acceptance rate as compared with earlier years, most of the approvals were accompanied by stipulations designed to protect abutters and the Town's interests. In addition, this change probably shows the result of having efficient Town Hall staff, whose explanations help applicants with marginal problems (by explaining what should be changed to improve the likelihood of acceptance) and discourage applicants with very little chance of succeeding, who thus do not come before the ZBA with unacceptable requests.

Disposition of Zoning Applications

(July 1991 - June 1992)

Type of Application	Total	Approved	Denied	Rejected
Administrative Appeals	(6)	3	3	
Use Variances	(4)	2	2	
Use/Area Variances	(4)	3	1	
Area Variances (Lot Size)	(4)	1	2	1
Area Variances (Setback)	(8)	8		
Area Variances (Frontage)	(1)	1		
Area Variances (Parking)	(1)	1		
Signage Variances	(2)	2		
Wetlands Special Exceptions	(11)	9	1	1
Home Occupation Exceptions	(11)	11		
	52	41	9	2

The ZBA heard a total of 24 variance requests (one less than last year). Four of these were for use variances, requesting permission to do something not normally allowed in the zoning district in which the applicant's property was located; the ZBA split 50:50, granting two of these requests and denying the other two. Four other applications were for combined use/area variances, where the applicant either not only wanted to change the use of the property but also needed permission to do so despite having inadequate lot size or else was asking for a dual-use variance without having sufficient acreage to support both uses; the ZBA granted three of these requests and denied the fourth. The remaining variance requests were simple area requests, where the applicant wanted to do something that normally requires property attributes that the applicant(s) did not have. Four of these were for inadequate lot size; the ZBA granted one, denied two, and rejected the other as an

unnecessary request, returning the applicant's fees. Eight were initiated because of inadequate setback or a need to infringe into the required setback area for construction of a house, an addition, or an accessory building; many of these were requested because lending institutions were reluctant to grant mortgages on old homes now discovered to have been built too close to the lotlines; the ZBA granted all eight requests. Another was to allow a home to be built on an old lot with inadequate frontage; the ZBA granted this request as the result of a clearly implied warning by a Superior Court judge that he would reverse a denial. Another request asked for smaller parking space dimensions than required; the ZBA granted that request. The Board was also asked to allow two sign variances authorizing larger signage than normally allowed (for Sam's Club and the Wal-Mart store); the ZBA granted both requests.

The Board received 11 requests for Wetland Special Exceptions (five more than last year) and granted all 11. The reason for this high approval rate, as noted during the past few years, is believed to be that inadequate applications are being weeded out and discouraged by preceding examinations from the Hudson Conservation Commission, the Hudson Planning Board, and the Hillsborough County Conservation Service, along with the State Wetlands Board and on some occasions the U.S. Army Corps of Engineers, prior to reaching the ZBA.

In addition, the ZBA processed 11 Home Occupation Special Exception applications (again five more than last year) from residents who wanted to run a sideline business in their home. These consisted of requests to run home day-care operations, part-time hair salons, massage parlors, photography duplication, and even a special kind of coffee service. The ZBA approved all 11 applications.

The ZBA suffered from a resignation this year when Ernie Donaruma had to resign after winning a seat on the Town Council, as the Town Charter did not allow councilors to hold appointed positions. [Since his position had not been filled during the short "rump" Council term, however, the Board of Selectmen reappointed Ernie to his old seat shortly after the end of this reporting period.] The Board also welcomed a new alternate, Mr. Frank Carr, who was appointed to fill the remainder of a term vacated by the "promotion" of Charles Brackett to a full membership last year.

Besides attending the regular fourth-Thursday evening meetings (as well as occasional second-Thursday meetings to reduce application logjams and also a couple Saturday meetings to accommodate some applicant's special needs), members of the ZBA attended a series of New Hampshire Municipal Association law seminars held in Concord and Manchester, conservation seminars sponsored by the Hillsborough County Conservation Commission and the Beaver Brook Association, and lectures sponsored by the Nashua Regional Planning Commission, as well as participating in sitewalks and a joint meeting with the Hudson Planning Board.

In addition, some ZBA members served on the Hudson Sounding Board to work on the inprocess revision of the Hudson Zoning Ordinance, as well as attending Planning Board workshops associated with that same ongoing operation. This revision of the Zoning Ordinance has been a long process, which began with a draft

prepared by the Town Planner's office in 1990. The Hudson Planning Board and interested citizens revised that version through a series of workshop sessions to produce a 1991 Planning Board draft. The Hudson Sounding Board then spent almost a year going over that draft, line by line and word by word, to produce the 1992 Sounding Board draft. The Planning Board currently is going through that latest version and hopes to have something ready for the voters by next spring. The ZBA is firmly in agreement that a revision is needed: Hudson's Zoning Ordinance was created in 1942 and has been amended some two dozen times in the intervening 50 years, but those changes generally have been in the way of patchwork alterations addressing specific problems, while Hudson has changed from a small farming town to a mostly developed residential community. An attempt to revise the Zoning Ordinance in 1981 failed because of a foolish misunderstanding promoted by people whose interests were benefited by keeping the old ordinance in place: thousands of hours of work were discarded because religious leaders preached (erroneously) that the proposed ordinance would prevent churchgoers from parking in the street on Sunday morning. We sincerely hope that next year's citizens will be better informed.

It should be noted that the ZBA could not function as efficiently as it does without the constant effort and support being provided by the Zoning Administrator, Mrs. Susan Snide, and her secretary, Mrs. Loretta Setzer. These are the people in the front lines, and Hudson has been fortunate to have both of them on its staff. Those of us who remember how much more work and stress it was for the volunteers in the old days are eternally grateful for their presence.

Respectfully submitted,

J. Bradford Seabury, Chairman
Zoning Board of Adjustment

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the Board of Selectman
Town of Hudson
Hudson, New Hampshire

We have audited the accompanying general purpose financial statements and the combining and individual fund financial statements of the Town of Hudson as of and for the year ended June 30, 1992, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known

In our opinion, except that omission of the General Fixed Assets Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Hudson as of June 30, 1992 and the results of its operations (and cash flows of all nonexpendable trust funds) for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Town as of June 30, 1992, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles.

TOWN OF HUDSON
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 1992

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Hudson, New Hampshire was incorporated in 1746 and has since 1986 been operating under a Town Council form of government provided by a Charter adopted March 12, 1985. As of June 1, 1992, the Town will revert back to a Selectmen form of government as a result of a ballot vote by the Town on March 10, 1992.

The financial statements of the Town have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to the governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard - setting body for established governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Governmental Reporting Entity

For financial reporting purpose, in conformity with the National Council on Governmental Accounting Statement Number 3, Defining the Governmental Reporting Entity, the Town of Hudson includes all funds, account groups, agencies, boards, commissions and authorities that are controlled by or dependent on the Town's executive or legislative branches. Control by or dependence on the Town is determined on the basis of budget adoption, taxing authority, outstanding debt secured by revenues or general obligations of the Town, obligation of the Town to finance any deficits that may occur, or receipt of significant subsidies from the Town.

The following organization is not part of the Town and is excluded from the accompanying financial report:: **Hudson School District**

B. Basis of Presentation

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of selfbalancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures/expenses, as appropriate. Governmental resources are allocated for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town:

GOVERNMENTAL FUND TYPES

Governmental Funds are those through which most governmental functions of the Town are financed. The acquisition, use and balances of the Town's expandable financial resources, and the related liabilities are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the Town's Governmental Fund Types:

General Fund - The General Fund is the general operating fund of the Town.

All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. The following funds are included in this fund type:

- Hills Memorial Library
- Conservation Commission
- Police Grants
- Sewer Department

Capital Projects Funds - Transactions related to resources obtained and used for the acquisition, construction, or improvement of capital facilities are accounted for in Capital Projects Funds. Such resources are derived principally from proceeds of long-term notes or bonds and from Federal and State grants. The following funds are included in this fund type:

- Central Street Reconstruction
- Sewer Facilities Project
- Landfill Closure
- Street Light Conversion
- Fire Equipment
- Taylor Falls Bridge Maintenance
- Town-wide Reevaluation

FIDUCIARY FUND TYPES

Fiduciary Funds include Expendable Trust, Nonexpandable Trust and Agency Funds. The measurement focus of the Expandable Trust Funds is the same as of governmental funds. Nonexpandable Trust Funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, emphasis is placed on the determination of net income, financial position and changes in financial position. Agency Funds are purely custodial (assets equal liabilities) and, thus, do not involve measurement of results of operations.

Trust and Agency Funds - Trust and Agency Funds are used to account for the assets held in trust or as an agent for others by the Town. The following funds are included in this fund type:

Nonexpandable Trust Funds

- Town Trusts

- Library

Expendable Trust Funds

- Capital Reserve

- Library

- Other

Agency Funds

- Developer's Performance Bonds

- Sewer Ordinance Deposits

- Planning Board Fee Deposits

- CAP/Impact Fees

ACCOUNT GROUPS

Account groups are used to establish accounting control and accountability for the Town's general fixed assets and general long-term debt.

General Fixed Assets Account Group - General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by most other municipal entities in the State, the Town does not maintain a record of its general assets and, accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

General Long-Term Account Group - This group of accounts is established to account for all long-term debt of the Town.

TOTAL COLUMNS (MEMORANDUM) ON COMBINED STATEMENTS

Amounts in the "Totals (Memorandum Only)" columns in the combined financial statement line items of the fund types and account groups are presented for analytical purposes only. The summation included fund types and account groups that use different bases of accounting, includes interfund transactions that have not been eliminated and the caption "amounts to be provided", which is not an asset in the usual sense. Consequently, amounts shown in the "Totals (Memorandum)" columns are not comparable to a consolidation and do not represent the total resources available or total revenues and expenditures/expenses of the Town.

COMPARATIVE DATA

Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the government's financial position and operations. However, comparative data have not been presented in all statements, because their inclusion would make certain statements unduly complex and difficult to understand.

C. Basis of Accounting

The accounts of the Governmental, Expendable Trust, and Agency Funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become measurable and available). "Measurable" means the amount of the transaction can be determined, and "available" means collectable within the current period or soon enough thereafter to be used to pay liabilities of the current period. Application of the "susceptibility to accrual" criteria requires judgment, consideration of the materiality of the item in question, and due regard for the practicality of accrual, as well as consistency in application. Those revenues susceptible to accrual are taxes, intergovernmental revenues, charges for services and interest revenue. Licenses and permits and most other local source revenues are not susceptible to accrual, because generally they are not measurable until received in cash. Expenditures are recorded when the related fund liability is incurred. Accumulated unpaid vacation and sick pay, and principal and interest on general long-term debt are recorded as fund liabilities when due. All Nonexpendable Trust Funds are accounted for using the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The government reports deferred revenue on its combined balance sheet. Deferred revenue arises when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenue also arises

when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

D. Budgetary Accounting

General Budget Policies

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town’s operations. The Town adopts an annual budget in accordance with local ordinances for the General and Special Revenue Funds. This budget is adopted on a basis consistent with generally accepted accounting principles.

The budget is used by the Department of Revenue Administration each fall to set the tax rate for the municipality. Management may transfer appropriations between operating categories as they deem necessary. All annual appropriations lapse at year-end unless encumbered.

State Statutes required balanced budgets, but provide for the use of beginning General Fund unreserved fund balance to achieve that end. In 1991-92, the beginning General Fund balance was applied as follows:

Unreserved Fund Balance	
Used to Reduce Tax Rate	\$564,000
Beginning Fund Balance -	
Reserved for Encumbrances	<u>329,901</u>
Total Use of Beginning Fund Balance	<u>\$893,901</u>
Encumbrances	

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures and are therefore reported as part of the fund balance at June 30 and are carried forward to supplement appropriations of the subsequent year.

E. Assets, Liabilities and Fund Equity

1. Cash and Equivalents

State Statutes authorize the Town to invest excess funds in the custody of the Treasurer in obligations of the United States Government, in savings bank deposits of banks incorporated under the laws of the State of New Hampshire, in certificates of deposit of banks incorporated under the laws of the State of New Hampshire, or in national banks located within this State or the Commonwealth of Massachusetts. These financial statements report investments in certificates of deposit and savings bank deposits under the caption “Cash and Equivalents.”

2. Receivables

Revenues for the most part are recorded when received, except for the following items for which receivables have been recorded:

- a. Tax revenue is recorded when a warrant for collection is committed to the Tax Collector. However, uncollected taxes that were not lienied within statutory time limits, unredeemed accounts that were beyond the two-year statutory period for deeding and certain other accounts deemed by management to have questionable collectibility have been reserved. Reserved amounts are not reflected as taxes receivable and amounted to \$273,942 at June 30, 1992.

The National Council on Governmental Accounting, Interpretation 3, referring to property tax revenue recognition, requires disclosure if property taxes receivable, which are to be collected beyond a period of 60 days subsequent to year's end, are recognized on the balance sheet and not reserved. In accordance with the practice followed by other municipal entities in the State of New Hampshire, the Town of Hudson annually recognizes all taxes receivable at the end of the fiscal year unless reserved as explained above.

The Town believes that the application of NCGA Interpretation 3, which would result in a decrease in the undesignated General Fund unreserved fund balance, would give a misleading impression of the Town's ability to meet its current and future obligations. This practice is consistent with the previous year.

As prescribed by law, the Tax Collector places a lien on properties for all uncollected property taxes in the following year after taxes are due. The lien on these properties has priority over other liens and accrues interest at 18% per annum.

If property is not redeemed within the two-year redemption period, the property is tax-deeded to the Town.

A receivable for such liens is recognized with no allowance for uncollectibles due to the process of deeding.

- b. Interest on investments is recorded as revenue in the year earned.
- c. Certain grants received from other governments require that eligible expenditures be made in order to earn the grant. Revenue for these grants is recorded for the period in which eligible expenditures are made.
- d. Various service charges (ambulance, police, sewer) are recorded as revenue for the period when service was provided. The receivables for ambulance services are shown on the balance sheet net of an allowance for estimated uncollectables calculated at 25% and 100% of the remaining uncollected balances for 1991-92 and 1990-1991 billings, respectively. The receivables for sewer rents are shown on the balance sheet net of an allowance for estimated uncollectables calculated at 3% of the sewer billings for the 1991-92 fiscal year. In addition, any receivables associated with properties which are in bankruptcy proceedings are also reserved.

3. Interfund Receivables and Payables

During the course of normal operations, the Town has numerous transactions between funds, including expenditures and transfers of resources to provide services and fund capital outlay. The accompanying governmental and fiduciary fund financial statements reflect such transactions as transfers. To the extent that

certain transactions have not been paid or received as of June 30, balances of interfund amounts receivable or payable have been recorded.

4. Long-Term Liabilities

All governmental funds and expendable trust funds are accounted for on a spending or “financial flow” measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of “available spendable resources.” Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spending resources during a period.

General obligation bonds and other forms of long-term debt supported by general revenues are obligation of the Town as a whole. Accordingly, such unmatured obligations of the Town are accounted for in the General Long-Term Debt Group of Accounts.

It is the Town’s policy to permit employees to accumulate a limited amount of earned but unused vacation and earned time benefits, which will be paid to employees upon separation from the Town’s service. In Governmental Fund Types, the cost of vacation benefits is recognized when payments are made to employees. A long-term liability of \$414,293 of accrued vacation and earned time benefits at June 30, 1992, has been recorded in the General Long-Term Debt Group of Accounts, representing the Town’s commitment to fund such costs from future operations.

5. Fund Equity

The portion of fund balance which has been legally segregated for a specific future use, or which indicates that a portion is not appropriable for expenditures, is shown as reserved. The following reserves were used by the Town during the year:

Reserved for Endowments - represents the balance of Nonexpendable Trust Funds of which the principal must be held for investment and for which only the income may be expended for specific purposes.

Reserved for Encumbrances - is used to account for open purchase orders, contracts and other commitments at year end for which goods and services have not been received.

Reserved for Special Purpose - is used to account for unencumbered balance of restricted funds. These include the uncommitted balances of bond proceeds, grant revenues and the Town’s Expendable Trust Funds.

Reserved for Contingencies - is used to account for items that may become liabilities as a result of conditions undertermined at a given date, such as pending lawsuits, judgments under appeal, or unsettled disputed claims.

F. Revenues, Expenditures and Expenses

Substantially all governmental fund revenues are accrued except for miscellaneous fees, permits, fines and charges for services which are reported on the cash basis in the General Fund. Property taxes are reflected on the modified accrual basis of accounting

as explained above.

Compensated Absences

Non-union employees are granted vacation days in varying amounts based on length of service. All union employees accumulate Earned Time. Earned Time is an alternative approach to the traditional manner of covering absence for vacation, personal leave days, sick leave, jury duty, and military leave. Instead of dividing benefits into a specific number of days for each benefit, Earned Time puts these days together into a single benefit. Earned Time days can be used for a variety of purposes, including a payment in cash at the time of voluntary termination. Earned Time is available as soon as it is "earned". Earned time is granted to all union employees in varying amounts based on length of service.

Vested or accumulated earned time leave that is expected to be liquidated with expendable available financial resources as an expenditure and fund liability of the General Fund. Amounts of vested or accumulated leave benefits that are not expected to be liquidated with expendable available financial resources are reported in the general long-term debt account group. No expenditure is reported for these amounts. In accordance with the provisions of Statement of Financial Accounting Standards No. 43, Accounting for Compensated Absences, no liability is recorded for nonvesting accumulating rights to receive earned time benefits.

NOTE 2 - STEWARDSHIP AND ACCOUNTABILITY

Deficit Fund Balances

The following Capital Projects are in a deficit position at June 30, 1992:

Project	Deficit June 30, 1992
Central Street Reconstruction	\$158,075
Sewer Facilities	85,966
Town-wide Reevaluation	<u>8,391</u>
Total	<u>\$252,432</u>

Generally, these deficits arise because of the application of generally accepted accounting principles to the financial reporting for this fund. Bonds or notes authorized to finance the projects are not recognized on the financial statements until issued.

The following projects will be funded by sources other than bonds or notes:

Central Street Construction - The remaining balance is to be paid through the sewer utility rate.

Sewer Facilities - State aid water pollution monies to be received in the subsequent year will be used to fund this project's deficit.

Town-wide Reevaluation - To be funded by the General Fund in fiscal year ending June 30, 1993.

NOTE 3 - ASSETS

A. Cash and Investments

At year end, the carrying amount of the Town's cash deposits is \$9,750,333 and the bank balance is \$8,863,932. Of the bank balance, \$672,746 was covered by Federal depository insurance, \$4,585,826 was collateralized with Federal securities, and \$3,605,360 was uninsured.

The Town is further authorized to invest Trust Funds, except Capital Reserve Funds, in obligations of political subdivisions and stocks and bonds that are legal for investment by New Hampshire savings banks. Capital Reserve Funds must be kept separate and not intermingled with other Trust Funds. Capital Reserve Funds may be invested only in savings bank deposits of New Hampshire banks, or in United States or State of New Hampshire bonds or notes.

B. Property Taxes

The property tax year is from April 1 to March 31 and all property taxes are assessed on the inventory taken in April of that year.

The Town subscribes to the semi-annual method of tax collection as provided for by RSA 76:15-a. Under this method, tax bills are sent on or around May 1 and November 1 of each year, with interest accruing at a rate of 12% on bills outstanding for more than thirty days.

The May 1 billing is considered an estimate only and is one half of the previous year's tax billing. The remaining balance of taxes due is billed in the fall after the State Department of Revenue Administration has calculated and approved the Town's tax rate for the fiscal year.

Annually, the New Hampshire Department of Revenue Administration, in conjunction with the Town, establishes and raises through taxation an amount for abatements and refunds of property taxes, known as overlay. This amount is reported as a reduction in tax revenue and is adjusted by management for any tax reserves at year end. The property taxes collected by the Town include taxes levied for the Hudson School District and Hillsborough County, which are remitted to these governmental units as required by law. The ultimate responsibility for the collection of taxes rests with the Town.

C. Special Assessments Receivable

Special assessments receivable at June 30, 1992 are as follows:

	Current	Noncurrent
Sagamore Assessment District	\$283,107	\$1,982,717
Frenette Drive Assessment District	1,726	64,945
Nevens/Gordon/Sheraton		
Assessment District	1,258	70,734
Belknap Assessment District	7,043	266,894
Clement Assessment District	42,927	228,261
Sewer Capital Assessments	51,664	45,683
Delinquent Assessments	67,033	
Allowance for		
Uncollectable Assessments	(101,799)	
Totals	\$352,959	\$2,659,234

D. Accounts Receivable

Accounts Receivable at June 30, 1992 consist of the following:

	<u>General Fund</u>	<u>Special Revenue Fund</u>	<u>Totals</u>
Customer Accounts			
Ambulance Billings	\$57,124	\$	\$57,124
Police Outside Detail	5,041		5,041
Sewer Rents		297,201	297,201
Sewer Liens		73,872	73,872
Allowance for Uncollectibles	(28,381)	(82,239)	(110,620)
Sewer IDA	9,733		9,733
Miscellaneous	567		567
Total Accounts Receivable	<u>\$44,084</u>	<u>\$288,834</u>	<u>\$332,918</u>

E. Interfund Receivables/Payables

Individual fund interfund receivable and payable balances at June 30, 1992 are as follows:

Fund	Interfund Receivable	Interfund Payable
General Fund	\$260,360	\$46,061
Special Revenue Funds		
Hills Memorial Library		90
Conservation Commission	8,231	
Police Grants		217
Sewer Fund		5,849
Capital Projects Funds		
Central Street Reconstruction		158,075
Sewer Facilities Project		85,966
Landfill Closure	20,000	
Town-wide Reevaluation		8,391
Agency Funds		
Developer's Performance Bonds		10,836
Sewer Ordinance Deposits	9,808	
Planning Board Fee Deposits	6,030	
CAP/Impact Fees	11,056	
Totals	<u>\$315,485</u>	<u>\$315,485</u>

NOTE 4 - LIABILITIES

A. Intergovernmental Payable

The Town has recorded \$373,111 as an intergovernmental payable, which represents the following:

Sewer Fund liability to the City of Nashua for the Town's share of wastewater costs	\$352,618
Capital Reserve Funds held in trust for the Hudson School District	20,493
Total	<u>\$373,111</u>

B. Defined Benefit Pension Plan

The Town of Hudson participates in the New Hampshire Retirement System, a cost-sharing multiple-employer public employee retirement system. This system is a defined benefit contributory retirement plan, administered by the State of New Hampshire, which covers substantially all employees of the State and participating political subdivisions, and the teaching and professional staff of the public school system. The payroll for Town employees covered by the system for the year ended June 30, 1992 was \$3,887,397; the Town's total payroll was \$4, 329,397.

The New Hampshire Retirement System provides retirement, disability and death benefits according to predetermined formulae. All full-time employees are eligible to participate in the system.

Covered employees other than police and fire personnel are required by State Statute to contribute 5.0% of their salary to the plan; police and firemen contribute 9.3%. The Town is required by the same statute to contribute a percentage of the employee's salary, based on an actuarial valuation of the entire State plan performed June 30, 1989. These contributions represented 5.36% for police, 5.35% for firemen, and 2.51% for all other employees. The contribution requirements for the year ended June 30, 1992 were \$420,422, which consisted of \$148,738 from the Town and \$271,684 from employees.

The "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure, which is the actuarial present value of credited projected benefits, is intended to help users assess the system's funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among retirement systems and employers. The State retirement system does not make separate measurements of assets and pension benefit obligations for individual employers. According to plan administrators, the pension benefit obligation at June 30, 1991 for the system as a whole, determined through an actuarial valuation performed as of that date, was \$1,676,309,803. The system's net assets available for benefits on June 30, 1991 (as reported in the Plan's Audited Annual Report dated December 31, 1991) were \$1,348,799,019. No more recent figures are available at this time. The percentage that the Town has in relation to the entire plan cannot be determined. The 10-year historical trend information presenting the plan's progress in accumulating sufficient assets to pay benefits when due is presented on pages 73 and 74 of the above referenced annual report of the New Hampshire Retirement System.

C. Deferred Revenues

Deferred revenues as of June 30, 1992 consist of the following:

Deferred Tax Revenues

Prepaid Property Taxes	\$7,916,407
Prepaid Special Assessments	26,834

Deferred Special Assessments Receivable

Sagamore Industrial Park	1,988,433
Clement Industrial Park	228,261
Frenette Drive	64,945
Nevens/Gorden/Sheraton Project	70,734
Belknap	266,894
Capital Assessments (Sewer Hook-ups)	45,683
Sewer Rents	1,174
	<u>\$10,609,365</u>

Other Deferred Revenues

Animal Control Donations	<u>\$45,691</u>
--------------------------	-----------------

D. Operating Leases

The Town is obligated under certain leases accounted for as operating leases. Operating leases do not give rise to property rights and therefore the results of the lease agreements are not reflected in the Town's General Long-Term Debt Account Group.

The following is a schedule by years of rental payments required under operating leases that have initial or remaining lease terms in excess of one year as of June 30, 1992:

Fiscal Year Ending

<u>June 30,</u>	<u>Amounts</u>
1993	\$17,657
1994	<u>5,280</u>
<u>Total</u>	<u>\$22,937</u>

E. Long-Term Debt

1. General Obligation Debt

The following is a summary of general obligation debt transactions of the Town for the fiscal year ended June 30, 1992.

General Obligation Debt Payable, July 1, 1991	\$5,922,988
New Debt Incurred	1,128,000
General Obligation Debt Retired	<u>(1,002,988)</u>
General Obligation Debt Payable, June 30, 1992	<u>\$6,048,000</u>

General obligation debt payable at June 30, 1992 is comprised of the following individual issues:

\$5,045,000 1985 Public Improvement Bonds due in annual installments of \$345,000 in 1986-87, \$350,000 through 1992-93, \$325,000 through 2000-2001; interest is variable from 7.60% to 8.10%	\$2,950,000
\$1,750,000 1990 Public Improvement Bonds due in annual installments of \$175,000 through July 15, 1994, \$150,000 through July 15, 2001; interest is variable from 6.60% to 6.75%	1,575,000
\$472,998 1990 Public Improvement Bonds due in annual installments of \$77,998 in 1991-92, \$75,000 through 1995, \$20,000 through 2001; interest at 6.75%	395,000
\$1,128,000 1991 Capital Improvement Bonds due in annual installments of \$93,000 on August 15, 1992, \$99,000 through August 15, 2001, and \$90,000 through August 15, 2003; interest variable from 6.50% to 6.70%	<u>1,128,000</u>
Total	<u>\$6,048,000</u>

The annual requirements to amortize all general obligation debt outstanding as of June 30, 1992, including interest payments, are as follows:

Annual Requirements To Amortize General Obligation Debt			
Fiscal Year Ending	General Obligation Debt		
June 30,	Principal	Interest	Total
1993	\$693,000	\$412,455	\$1,105,455
1994	670,000	364,083	1,034,083
1995	670,000	316,595	986,595
1996	640,000	269,933	909,933
1997	590,000	224,270	814,270
1998-2003	<u>2,785,000</u>	<u>497,366</u>	<u>3,282,366</u>
Totals	<u>\$6,048,000</u>	<u>\$2,084,702</u>	<u>\$8,132,702</u>

All debt is general obligation debt of the Town, which is backed by its full faith and credit.

Legal Debt Margin

According to State Law, Town (exclusive of those exceptions allowed under the provision of the Municipal Finance Act) may not exceed one and seventy-five hundredths percent (1.75%) of the valuation of property based upon the applicable

locally assessed valuation of the municipality as last equalized by the Commissioner of Revenue Administration. At June 30, 1992, the Town of Hudson is using an equalized value of \$1,029,253,901 and a legal debt margin of \$18,011,943.

2. Compensated Absences

The Town has recognized \$414,293 as an accrued liability for compensated absences which is reflected in the General Long-term Debt Account Group.

Total Long-Term Debt	
General Obligation	\$6,048,000
Compensated Absences Payable	<u>414,293</u>
Total	<u><u>\$6,462,293</u></u>

NOTE 5 - FUND EQUITY

Reservations of Fund Balances

Reserve for Encumbrances

Funds encumbered at year end were as follows:

General Fund	\$83,300
Special Revenue Fund	
Sewer Department	13,532
Capital Projects Fund	
Landfill Closure	<u>20,000</u>
<u>Total</u>	<u><u>\$116,832</u></u>

Reserved for Special Purposes

Amounts which are legally restricted for specific future purposes are shown in the financial statements as reserved for special purposes. Those balances at June 30, 1992 were as follows:

Special Revenue Fund	
Sewer Department	
Capital Assessments	\$678,218
Expendable Trust Funds	
Capital Reserve Funds	
Library Expansion	\$27,238
Lowell River Road	2,153
Other Expendable	
Merrifield Park Pond Project	755
Library Building Fund	37,220
	<u>67,366</u>
Total Reserved for Special Purpose	<u><u>\$745,584</u></u>

Reserved for Endowments

The reserve for endowments represents the balance of the Town's Nonexpendable Trust

Funds which must be held for investment or specific purposes. The principal amount of all Nonexpendable Trust Funds is restricted either by law or by terms of individual bequests, in that only income earned may be expended. The Town's Nonexpendable Trust Funds at June 30, 1992 are summarized by purpose as follows:

Purpose	Principal	Income	Total
Cemetery	\$79,942	\$	\$79,942
Welfare	5,000	7,994	12,994
Library	30,367		30,367
School	500		500
Alvirne Chapel	10,000		10,000
General Purpose		77	77
Zylonis Trust	10,000	12,189	22,189
Totals	<u>\$135,809</u>	<u>\$20,260</u>	<u>\$156,069</u>

Reserved for Contingency

The \$626,463 represents amounts billed the Town by the City of Nashua for Hudson's share of wastewater costs which the Town is contesting. The amount is being reserved in the reasonably possible event that the Town is unsuccessful in its appeal.

Designated for Special Purposes

The \$216,942 designated for special purposes represents all Special Fund balances which management intends to use in the subsequent years.

NOTE 6 - LITIGATION

Taylor vs. Hudson et al.

The plaintiff in this case, the widow of a Town employee, alleges that the death of her husband was brought about by the negligent actions of the deceased's co-workers. If the employees are found negligent, the Town may have to indemnify them. There is no insurance coverage for this purpose. The case has the potential to be a material liability to the Town; however, in the opinion of management, the ultimate disposition of this case cannot be reasonably determined at this time.

The other suits against the Town, in management's conclusion, will not have a material effect on the financial position of the Town.

SINGLE AUDIT ACT
INDEPENDENT AUDITOR'S REPORTS AND SCHEDULE

**INDEPENDENT AUDITOR'S COMBINED REPORT
ON INTERNAL CONTROL STRUCTURE**

To the Members of
the Board of Selectmen
Town of Hudson
Hudson, New Hampshire

We have audited the general purpose financial statements of the Town of Hudson as of and for the year ended June 30, 1992, and have issued our report thereon dated August 12, 1992. We have also audited the Town's compliance with requirements applicable to nonmajor Federal financial assistance programs and have issued our report thereon dated August 12, 1992.

We conducted our audit in accordance with generally accepted auditing standards; Government Auditing Standards, issued by the Comptroller General of the United States; and Office of Management and Budget (OMB) Circular A-128, Audit of State and Local Governments. Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement and about whether the Town complied with laws and regulations, noncompliance with which would be material to a Federal financial assistance program.

In planning and performing our audit for the year ended June 30, 1992, we considered the Town's internal control structure in order to determine our auditing procedures for the purpose of expressing our opinions on the Town's general purpose financial statements and on its compliance with requirements applicable to Federal financial assistance programs and not to provide assurance on the internal control structure.

The management of the Town of Hudson is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles, and that Federal financial assistance programs are managed in compliance with applicable laws and regulations. Because of inherent limitations in any internal control structure, errors, irregularities, or instances of noncompliance may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become

inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

Town of Hudson

Independent Auditor's Combined Report on Internal Control Structure

Accounting Controls

- Budgeting Cycle
- Payroll Cycle
- Expenditure (other than payroll) Cycle
- Data Processing Cycle
- Revenue Cycle
- Financial Reporting Cycle

General Requirements

- Political Activity
- Davis-Bacon Act
- Civil Rights
- Cash Management
- Federal Financial Reports
- Allowable Costs/Cost Principles
- Drug-free Workplace
- Administration Requirements

Specific Requirements

- Types of Services
- Eligibility
- Matching, Level of Effort, or Earmarking
- Reporting
- Cost Allocation
- Special Requirements

Claims for Advances and Reimbursements

Amounts Claimed or Used for Matching

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and determined whether they have been placed in operation, and we assessed control risk.

During the year ended June 30, 1992, the Town of Hudson had no major Federal financial assistance programs and expended 87% of its total Federal financial assistance under the following nonmajor Federal financial assistance programs:

We performed tests of control, as required by OMB Circular A-128, to evaluate the effectiveness of the design and operation of internal control structure policies and procedures that we have considered relevant to preventing or detecting material noncompliance with specific requirements, general requirements, and requirements governing claims for advances and reimbursements and amounts claimed or used for matching that are applicable to the aforementioned nonmajor programs. Our procedures were less in scope than would be necessary to render an opinion on these internal control structure policies and procedures. Accordingly, we do not express such an opinion.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgement, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

During the course of our review, the following condition was noted that was considered to be a material weakness as defined above:

Controls over Recreation Department Revenues

Upon observation of the procedures used to account for the revenues of the Recreation Department, we found the following deficiencies in internal accounting control:

1. Records such as attendance reports and activity rosters are not retained. These records should be retained in order to support the amount of revenue collected by the Department.
2. Revenues are not reconciled with supporting documentation. If attendance records are retained, the number of participants can be multiplied by the prices to determine the estimated as well as the actual revenue earned.

Because of the lack of internal controls in this area, we have made recommendations to management on establishing some internal accounting controls, including ones alluded to above.

Also, the following conditions were noted that we do not consider to be material weaknesses:

General Fixed Assets

In general, accounting for fixed assets provides information for estimating the amount of insurance needed, monitors assets utilization, provides a safeguard over the asset, and allows for depreciation expense when applicable.

We were pleased that the Town has begun to develop an accounting for fixed assets. At present, the Town has had an outside appraisal company provide the Town with a fixed asset listing at October 31, 1991. This is a big step toward implementing a fixed asset accounting system and we recommend the following steps be taken to conform to generally accepted accounting principles and remove the qualification in the independent auditor's report:

1. Establish a system that will periodically update the listing of fixed assets as assets are acquired, retired or sold.
2. Town-owned land must be appraised for inclusion in the Town's fixed asset listing.
3. A reconciliation of changes in the general fixed assets account group during the year is a required disclosure in the notes to the financial statements. Therefore, the Town should consider setting up the general fixed assets in their general ledger by major asset category (land, buildings, equipment, and improvements other than buildings) in addition to the listing that will be updated by the appraisal company.

Collateralization of Funds

Over \$1,000,000 of Sewer Operating Fund deposits, including capital assessments were not insured or collateralized during the 1991-92 fiscal year. Although an investment policy regarding Sewer Funds was adopted by the Town Council, the specifics aimed at the Sewer Fund deposits have not been addressed.

The Town's investment policy, which had been duly authorized by the Town Council on March 9, 1992 has not been activated by the Town Treasurer in regard to Item B7 which states:

"With respect to the Sewer Capital Assessment Fund - The funds in this account are presently maintained in an interest-bearing savings account as provided by a resolution of this Town. These funds should be placed into longer term certificates of \$100,00 each or placed with a Trust Department into a fund which only invests in Government securities - T-bills or notes."

We recommend that the Treasurer act on the investment policy regarding the investment of Sewer Fund monies as indicated in Item B7 of the document and adopt a similar policy for Sewer Operating Funds as well.

We have discussed this situation with the Town Treasurer and she has assured us that collateralization will be sought.

Agency Fund Receipts - Timeliness of Deposit

During our audit we noted instances where substantial deposits received for Developer's Performance Bonds were deposited in the General Fund and not credited to the Developers' Bond Account for as long as 1 to 4 months. We also noted that when these amounts were finally credited to the appropriate account, no interest was credited for the lapse in time. The effect of this condition is that of providing the General Fund with an interest-free loan.

Internal accounting controls appear to be loose in this area as the emphasis has been placed more on accuracy than timeliness in light of prior problems emphasized over Agency Funds.

We recommend the use of checking accounts for these funds. Direct deposits to these funds rather than through the General Fund first would make for more timely deposits. In addition, payments directly out of these accounts would greatly enhance the fiduciary responsibility over these funds.

Trustees of Trust Funds

Payments to cemetery associations are not adequately supported. No documentation regarding authority or necessity for payment was noted during our audit. Only canceled checks were provided.

Cemetery associations must provide the Trustees of Trust Funds with vouchers to support and authorize the disbursement of Cemetery Trust Fund income. In addition, payments to cemetery associations may not exceed the costs of perpetual care for the applicable plots.

We recommend that Trustees make payment to cemetery associations only upon authority of presented vouchers for payment. In addition, Trustees pay either the income earned on the Cemetery Trusts or the amount of the vouchers, whichever is less.

Tax Abatements

During our audit of the Tax Collector's records, it was brought to our attention that an adjustment was made to the tax warrant to correct an error. The error originated from a duplicate billing of a subdivision of property, all of which was committed to the Tax Collector.

When the error was discovered, the Assessor's Office deleted out these duplicate

bills without giving the Tax Collector a formal abatement. Thus the Tax Collector listed this on her "Summary of Warrants" as an adjustment.

A formal abatement must be issued to relieve the Tax Collector from her legal responsibility to collect any tax previously committed to her.

It is believed by some that by granting the abatement for this error, that it would reduce overlay, which is the annual provision for tax abatements and refunds. Overlay is no longer treated as an appropriation in the State of New Hampshire and as such is treated as a reduction in current and past property tax warrants/revenue.

We recommend the Tax Collector be given formal abatements for any changes or corrections that result in decreasing amounts previously committed to her, as well as those which grant taxpayer relief or those due to being over assessed.

These conditions were considered in determining the nature, timing, and extent of the procedures to be performed in our audit of the Town's general purpose financial statements and of its compliance with requirements applicable to its major Federal financial assistance programs for the year ended June 30, 1992, and this report does not affect our reports thereon dated August 12, 1992.

In addition to the foregoing reportable conditions, the following other matters came to our attention that we have discussed with management as opportunities for efficiency and/or cost savings related to the administration of the Town:

1. Completeness of MS-61 (Inclusion of all delinquent Betterment Assessments)
2. Library - Employee Purchases-Gross Budgeting Practices

This report is intended for the information of management and the Board of Selectmen. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

***INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH LAWS
AND REGULATIONS BASED ON AN AUDIT OF FINANCIAL STATE-
MENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS ISSUED BY THE GAO***

To the Members of the Board of Selectmen
Town of Hudson
Hudson, New Hampshire

We have audited the general purpose financial statements and the combining and individual fund financial statements of the Town of Hudson as of and for the year ended June 30, 1992, and have issued our report thereon dated August 12, 1992.

We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to the Town of Hudson is the responsibility of the Town's management.

As part of our audit, we assessed the risk that noncompliance with certain provisions of laws, regulations, contracts, and grants could cause the financial statements to be materially misstated. We concluded that the risk of such material misstatement was sufficiently low that it was not necessary to perform tests of the Town's compliance with such provisions of laws, regulations, contracts, and grants.

However, in connection with our audit, nothing came to our attention that caused us to believe that the Town of Hudson had not complied, in all material respects, with the laws, regulations, contracts, and grants referred to in the preceding paragraph.

Material instances of noncompliance are failures to follow requirements, or violations of prohibitions, contained in laws, regulations, contracts, or grants, that cause us to conclude that the aggregation of misstatements resulting from those failures or violations is material to the financial statements.

The results of our tests of compliance indicate that, with respect to the items tested, the Town complied, in all material respects, with the provisions referred to in the third paragraph of this report, and with respect to items not tested, nothing came

to our attention that caused us to believe that the Town had not complied, in all material respects, with those provisions.

***INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
WITH REQUIREMENTS APPLICABLE TO NONMAJOR
FEDERAL FINANCIAL ASSISTANCE PROGRAMS***

To the Members of the Board of Selectmen
Town of Hudson
Hudson, New Hampshire

In connection with our audit of the 1991-92 general purpose financial statements and the combining and individual fund financial statements of the Town of Hudson, and with our study and evaluation of the Town's internal control systems used to administer Federal financial assistance programs, as required by Office of Management and Budget Circular A-128, Audits of State and Local Governments, we selected certain transactions applicable to a certain nonmajor Federal financial assistance program for the year ended June 30, 1992.

As required by Circular A-128, we have performed auditing procedures to test compliance with the requirements governing types of services allowed or unallowed and eligibility that are applicable to these transactions. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the Town's compliance with these requirements. Accordingly, we do not express such an opinion.

With respect to the items tested, the results of those procedures disclosed no material instances of noncompliance with the requirements in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that the Town had not complied, in all material respects, with those requirements.

This report is intended for the information of management and the Board of Selectmen. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

***INDEPENDENT AUDITORS'S REPORT ON SUPPLEMENTARY
INFORMATION SCHEDULE OF FEDERAL FINANCIAL ASSISTANCE***

To the Members of the Board of Selectmen
Town of Hudson
Hudson, New Hampshire

We have audited the general purpose financial statements of the Town of Hudson and the combining and individual fund financial statements of the Town for the year ended June 30, 1992, and have issued our report thereon dated August 12, 1992. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the combining and individual fund financial statements. The accompanying Schedule of Federal Financial Assistance is presented for purposes of additional analysis and is not a required part of the financial statements of the Town of Hudson. The information in that schedule has been subjected to the auditing procedures applied in the audit of the general purpose, combining and individual fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements of each of the respective individual funds and account groups, taken as a whole.
